

exploration program and to coordinate a national program of ocean exploration. The OEAB advises NOAA leadership on strategic planning, exploration priorities, competitive ocean exploration grant programs, and other matters as the NOAA Administrator requests.

OEAB members represent government agencies, the private sector, academic institutions, and not-for-profit institutions involved in all facets of ocean exploration—from advanced technology to public engagement.

In addition to advising NOAA leadership, NOAA expects the OEAB to help to define and develop a national program of ocean exploration—a network of stakeholders and partnerships advancing national priorities for ocean exploration.

One of the OEAB's authorized duties is to annually review the quality and effectiveness of the programs' proposal review processes.

Matters To Be Considered: The OEAB will be briefed on the status of the NOAA Ocean Exploration's competitive grants programs; have an opportunity to inquire about them in detail; and provide recommendations. The program's annual competitive grant awards include funding for interdisciplinary and innovative ocean exploration related projects, in addition to grant awards for education and outreach efforts.

The agenda and other meeting materials will be made available on the OEAB website at <https://oeab.noaa.gov/>.

Status: The meeting will be open to the public via remote access. Please check the agenda on the OEAB website to confirm the public comment period schedule.

The OEAB expects that public statements at its meetings will not be repetitive of previously submitted verbal or written statements. In general, each individual or group making a verbal presentation will be limited to three minutes. The Designated Federal Officer must receive written comments by Sept. 9, 2024, to provide sufficient time for OEAB review. Written comments received after Sept. 9, 2024, will be distributed to the OEAB but may not be reviewed prior to the meeting date. Comments should be submitted to Designated Federal Officer David.Turner@NOAA.gov.

Special Accommodations: Requests for sign language interpretation or other auxiliary aids should be directed to the

Designated Federal Officer by Sept. 9, 2024.

David Holst,

*Chief Financial and Administrative Officer,
Office of Oceanic and Atmospheric Research,
National Oceanic and Atmospheric
Administration.*

BILLING CODE 3510-KA-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; North Pacific Observer Program Safety and Security Survey

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on April 10, 2024 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: North Pacific Observer Program Safety and Security Survey.

OMB Control Number: 0648–0759.

Form Number(s): None.

Type of Request: Regular submission. Extension and revision of a current information collection.

Number of Respondents: 280.

Average Hours per Response: .17 hours (10 minutes per respondent).

Total Annual Burden Hours: 47.

Needs and Uses: This request is for an extension and revision of an existing information collection. The revision to the survey instrument will allow the survey participants to specify to whom they reported unwanted behavior. NMFS certified observers are a vital part of fisheries management. Observers deploy to collect fisheries data in the field; observers often deploy to vessels and work alongside fishers for weeks and months at a time. The work environment observers find themselves

in can be challenging, especially if the observer finds themselves a target for victim type violations such as sexual harassment, intimidation, or even assault. The NOAA Fisheries Office of Law Enforcement has primary jurisdiction to investigate violations of the Magnuson Stevens Act. The Office of Law Enforcement prioritizes investigations initiated from reports made by observers involving assault, sexual harassment, hostile work environment, intimidation, and other behaviors that may affect observers individually. However, it is difficult for a person to disclose if they have been a victim of a crime, and if law enforcement does not receive reports of unwanted behavior then they cannot initiate an investigation. The true number of observers who have experienced victim type crimes is unknown, and the reasons why they do not report is also unclear. More information is needed to understand how many observers per year experience victim type crimes, and why they chose not to report to the Office of Law Enforcement.

The Office of Law Enforcement, Alaska Division, is conducting a survey of observer who deploy under the North Pacific Observer Program to determine the true number of observers who experienced victimizing behavior during their deployments, and what factors prevented them from reporting. Twenty questions, describing varying levels of behavior that may violate the Magnuson Act, will determine if an observer has experienced the behavior, if they reported the behavior, and to whom the report was made. The survey will assess the specific impediments to disclosure. This survey will launch on an annual basis. The results of the survey will provide the Office of Law Enforcement a better understanding of how often observers are victimized, which will enable them to reallocate resources as needed, conduct more training for observers to ensure they know how to report, conduct training to ensure people understand what constitutes a victim crime, and to increase awareness of potential victimizations. Additionally, the survey results will help law enforcement understand the barriers to disclosure, so enforcement may begin to address these impediments so they no longer prevent observers from disclosure.

Affected Public: Federal Government, Individuals, and Households.

Frequency: On Occasion.

Respondent's Obligation: Voluntary.

Legal Authority: Magnuson Stevens Act.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0759.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

[RTID 0648–XE210]

North Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of hybrid public meeting.

SUMMARY: The North Pacific Fishery Management Council (Council) Partial Coverage Fishery Monitoring Advisory Committee (PCFMAC) will meet September 16, 2024.

DATES: The meetings will be held on Monday, September 16, 2024, from 8:30 a.m. to 4 p.m., Alaska Time.

ADDRESSES: For members attending in Seattle, the in-person component of the meeting will be held at the Alaska Fishery Science Center in Room 2079, 7600 Sand Point Way NE, Building 4, Seattle, WA 98115. If you plan to attend in-person, you need to notify Sara Cleaver (sara.cleaver@noaa.gov) at least 2 days prior to the meeting (or 2 weeks prior if you are a foreign national). You will also need a valid U.S. Identification Card. For members attending in Anchorage, the in-person component of the meeting will be held at the North Pacific Fishery Management Council office, 1007 W 3rd Ave., Suite 400, Anchorage, AK 99501. If you are attending virtually, join the meeting online through the link at [https://](https://meetings.npfmc.org/Meeting/Details/3057)

meetings.npfmc.org/Meeting/Details/3057.

Council address: North Pacific Fishery Management Council, 1007 W 3rd Ave., Anchorage, Suite 400, AK 99501–2252; telephone: (907) 271–2809.

Instructions for attending the meeting are given under **SUPPLEMENTARY INFORMATION**, below.

FOR FURTHER INFORMATION CONTACT: Sara Cleaver, Council staff; telephone: (907) 271–2809; email: sara.cleaver@noaa.gov. For technical support, please contact Council administrative staff, email: npfmc.admin@noaa.gov.

SUPPLEMENTARY INFORMATION:

Agenda

Monday, September 16, 2024

The September 2024 PCFMAC agenda will include: (a) updates since the last PCFMAC meeting; (b) the 2025 Observer Annual report; (c) future scheduling, and (d) other business. The agenda is subject to change, and the latest version will be posted at <https://meetings.npfmc.org/Meeting/Details/3057> prior to the meeting, along with meeting materials.

Connection Information

You can attend the meeting online using a computer, tablet, or smartphone, or by phone only. Connection information will be posted online at: posted at <https://meetings.npfmc.org/Meeting/Details/3057>. If you are attending the meeting in-person, please note that all attendees will be required to wear a mask.

Public Comment

Public comment letters will be accepted and should be submitted electronically to posted at <https://meetings.npfmc.org/Meeting/Details/3057>.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 23, 2024.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
