OMB Control No. 0651-0080
Expiration Date: XX/XX/XXXX

Hello,

My name is _____, I'm with the United States Patent and Trademark Office. You recently completed one of our agency's courses through the StART program. In an effort to improve our training courses, I'd like to ask you a few questions regarding your efforts to file a patent application and how the course impacted those efforts. It should take no more than 20 minutes, and your responses will be kept confidential and all data will be analyzed in aggregated form only.

If that's ok we will proceed with the survey.

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995, unless the information collection has a valid OMB Control Number. The OMB Control Number for this information collection is 0651-0080. Public burden for this survey is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the Office of the Chief Administrative Officer, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313-1450 or email InformationCollection@uspto.gov.

4. Overall, how useful has the StART course been to facilitate your work on a patent application?

- Not at all useful Somewhat useful Reasonably useful Very useful

5. Is there anything else about your experience you would like to share?

Thank you for completing our survey. Your responses will help us to evaluate and, if necessary, improve the course.
