Notes

1) In the description sections of this form, please provide an explanation of sufficient detail to allow a reviewer to fully understand how the estimates were determined.

2) If you are going to offer authorized services, please clearly identify which service(s) you will offer and use additional separate rows for each authorized service department. Labor costs should be supported by a footnote identifying Full Time Equivalentents (FTE) occupied for each operating department identified.

3) Clearly describe the composition of each item classified under Undistributed and Fixed Expenses. If the expense item is allocated from or shared with a parent or related entity, please describe the allocation method. In particular, if you intend to assess a Management Fee, or other form of corporate overhead and profit, you must clearly describe what this fee is comprised of (Officer salaries, human resources, accounting, marketing, profit, etc.).

Expense Assumption Description Example

****The following example does not reflect the above opportunity and is provided for the purpose of clarification only.****

Direct expenses are expected to surpass historical direct expenses, as fuel and insurance prices increase. Studies by the Department of Commerce indicate that fuel prices will to rise at a rate of 10% annually over the next ten years, as opposed to the historical ten year rate of 4% annually. Additionally, insurance costs, according to a nationwide insurance broker survey, are expected to rise at 15% annually for the next 10 years, as opposed to the 10 year historical rate of 2% annually. Accordingly, direct expenses associated with the operation are forecast to increase from an annual average of 10% of Gross Revenue to an annual average of 20% of Gross Revenues over the life of the lease.
