Abstract: The NPS Leasing Program allows any person or government entity to lease buildings and associated property administered by the Secretary of the Interior as part of the National Park System, under the authority of the Director of the NPS. A lease may not authorize an activity that could be authorized by a concessions contract or commercial use authorization. All leases must provide for the payment of fair market value rent. The Director may retain rental payments for park infrastructure needs and, in some cases, to provide administrative support of the leasing program.

The authority to collect information for the Leasing Program is derived from 54 U.S.C. 102101 *et seq.*, 54 U.S.C. 306121, and 36 CFR part 18. For competitive leasing opportunities, the regulations require the submission of proposals, or bids by parties interested in applying for a lease. The regulations also require that the Director approve lease amendments, construction or demolition of structures, and encumbrances on leasehold interests.

We collect information from anyone who wishes to submit a bid or proposal to lease a property. The Director may issue a request for bids if the amount of rent is the only criterion for award of a lease. The Director issues a request for proposals when the award of a lease is

based on selection criteria other than the rental rate. A request for proposals may be preceded by a request for qualifications to select a “short list” of potential offerors that meet the minimum management, financial, and other qualifications necessary for the submission of a proposal.

We use the information collected to evaluate offers, proposed subleases or assignments, proposed construction or demolition, the merits of proposed lease amendments, and proposed encumbrances. The completion times for each information collection requirement vary substantially depending on the complexity of the leasing opportunity.

Title of Collection: National Park Service Leasing Program, 36 CFR part 18.

OMB Control Number: 1024–0233.

Form Number: NPS Forms 10–352, 10–353, 10–354, 10–355A and 10–355B.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Individuals and businesses seeking to submit a bid or proposal to lease NPS property.

Total Estimated Number of Annual Responses: 250.

Estimated Completion Time per Response: Varies from 1 hour to 45 hours, depending on activity.

Total Estimated Number of Annual Burden Hours: 1,649.

Respondent’s Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: None.

An agency may not conduct or sponsor and a person is not required to conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Phadrea Ponds,

*Information Collection Clearance Officer,
National Park Service.*
