

condition in their contracts and in other transactions.

c. Changes to Auction Details

BOEM has the discretion to change any auction detail specified in the FSN, including the date and time, if events outside BOEM's control may interfere with a fair and proper lease sale. Such events may include, but are not limited to, natural disasters (*e.g.*, earthquakes, hurricanes, floods, and blizzards), wars, riots, acts of terrorism, fire, strikes, civil disorder, Federal Government shutdowns, cyberattacks against relevant information systems, or other events of a similar nature. In case of such events, BOEM will notify all qualified bidders via email, phone, and BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/oregon>. Bidders should call BOEM's Auction Manager at (703) 787-1121 if they have concerns.

d. Withdrawal of Blocks

BOEM reserves the right to withdraw all or portions of the Lease Areas prior to executing the leases with the winning bidders. If BOEM exercises this right, it will refund appropriate amounts of the bid deposits to winning bidders, without interest, as provided in 30 CFR 585.224(f).

e. Appeals

Procedures to request reconsideration of rejected bids are provided in BOEM's regulations at 30 CFR 585.226(c) and 585.118(c). BOEM's decision on a bid is the final action of the Department of the Interior and is not subject to appeal to the Office of Hearings and Appeals. Under 30 CFR 585.224, if BOEM rejects your bid, BOEM will provide a written statement of the reasons and will refund any money deposited with your bid, without interest. You may ask the BOEM Director for reconsideration, in writing, within 15 business days of bid rejection, under 30 CFR 585.118(c)(1). The Director will send you a written response either affirming or reversing the rejection.

f. Protection of Privileged or Confidential Information

BOEM will protect privileged or confidential information that the lessee submits, as authorized by the Freedom of Information Act (FOIA), 30 CFR 585.114, or other applicable statutes. If the lessee wishes to protect the confidentiality of information, the lessee should clearly mark it "Contains Privileged or Confidential Information" and consider submitting such information as a separate attachment. BOEM will not disclose such

information, except as required by FOIA. If your submission is requested under the FOIA, your information will only be withheld if a determination is made that one of the FOIA's exemptions to disclosure applies. Such a determination will be made in accordance with the Department's FOIA regulations and applicable law. Labeling information as privileged or confidential will alert BOEM to more closely scrutinize whether it warrants withholding. Further, BOEM will not treat as confidential aggregate summaries of otherwise nonconfidential information.

XV. Compliance With the Inflation Reduction Act (Pub. L. 117-169 (Aug. 16, 2022)) (Hereinafter, the "IRA"):

Section 50265(b)(2) of the IRA provides that "[d]uring the 10-year period beginning on the date of enactment of this Act . . . the Secretary may not issue a lease for offshore wind development under section 8(p)(1)(C) of the OCS Lands Act (43 U.S.C. 1337(p)(1)(C)) unless—(A) an offshore [oil and gas] lease sale has been held during the 1-year period ending on the date of the issuance of the lease for offshore wind development; and (B) the sum total of acres offered for lease in offshore [oil and gas] lease sales during the 1-year period ending on the date of the issuance of the lease for offshore wind development is not less than 60,000,000 acres." Oil and Gas Lease Sale 261 was held on December 20, 2023, offering approximately 72 million acres, satisfying the requirements in section 50265(b)(2) of the IRA for any offshore wind lease issued by December 20, 2024. BOEM expects to issue any leases resulting from PACW-2 no later than the one-year anniversary of Lease Sale 261.

SUPPLEMENTARY INFORMATION:

Background.—On October 10, 2019, the Department of Commerce ("Commerce") issued an antidumping duty order on imports of refillable stainless steel kegs from Mexico (84 FR 54591). On December 16, 2019, Commerce issued antidumping and countervailing duty orders on imports of refillable stainless steel kegs from China (84 FR 68400 and 68405). The Commission is conducting reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by Commerce.

(2) The *Subject Countries* in these reviews are China and Mexico.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations, the Commission defined a single *Domestic Like Product* consisting of all refillable stainless steel kegs, coextensive with the scope of these investigations.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the *Domestic Industry* to include the only known domestic producer of refillable stainless steel kegs at that time, American Keg Company LLC.
