### **Specific Purpose**

**Details**

Provide a complete account of the specific purpose of the requested export. Simply stating, "For marketing" or "for demonstration" is inadequate. If applicable, list the RWA license number.

**End-Use System/Platform**

List the systems and/or platforms for which the commodity will be used on, in, or with (as described in the Details section of this block). All intended end-use systems and/or platforms

must be identified. If the commodity is a system, identify the end-use platforms. If the commodity is a component or part, then identify both the end-use system and platform. For example, if the commodity is a component/part going into a remote weapons system (RWS) which will in turn be installed on an armored vehicle, then both the RWS and the vehicle must be listed. If a commodity itself is the end-use platform (e.g., a night vision goggle), then list the commodity.
