SUPPLEMENTARY INFORMATION:

Comments

DHS previously published an information collection notice within the Classification for Victims of Severe Forms of Trafficking in Persons; Eligibility for "T" Nonimmigrant Status (RIN 1615-AA59) final rule in the **Federal Register** on April 30, 2024, at 89 FR 34864, allowing for a 60-day public comment period. USCIS did receive 3 comments in connection with the 60-day notice.

You may access the information collection instrument with instructions, or additional information by visiting the Federal eRulemaking Portal site at <http://www.regulations.gov> and enter USCIS-2005-0035 in the search box. Comments must be submitted in English, or an English translation must be provided. The comments submitted to USCIS via this method are visible to the Office of Management and Budget and comply with the requirements of 5 CFR 1320.12(c). All submissions will be posted, without change, to the Federal eRulemaking Portal at [http://](http://www.regulations.gov)

www.regulations.gov, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <http://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection Request:* Revision of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Application for Employment Authorization.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* I-765; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract: Primary: Individuals or households.* Form I-765 collects information needed to determine if a noncitizen is eligible for an initial EAD, a replacement EAD, or a subsequent EAD upon the expiration of a previous EAD under the same eligibility category. Noncitizens in many immigration statuses are required to possess an EAD as evidence of work authorization. To be authorized for employment, a noncitizen must be lawfully admitted for permanent residence or authorized

to be so employed by the Immigration and Nationality Act (INA) or under regulations issued by DHS. Pursuant to statutory or regulatory authorization, certain classes of noncitizens are authorized to be employed in the United States without restrictions as to location or type of employment as a condition of their admission or subsequent change to one of the indicated classes. USCIS may determine the validity period assigned to any document issued evidencing a noncitizen's authorization to work in the United States. These classes of noncitizens authorized to accept employment are listed in 8 CFR 274a.12.

USCIS also collects biometric information from certain EAD applicants, from whom USCIS has not previously collected biometrics in connection with an underlying application or petition, to verify the applicant's identity, check or update their background information, and produce the EAD card.

Instead of going to a Social Security Office, an applicant for employment authorization can apply for a Social Security Number (SSN) and Social Security card using Form I-765. If the relevant data elements on Form I-765 are filled out, USCIS will send the applicant's information to the Social Security Administration (SSA) upon approval of the employment authorization request. If the applicant already has an SSN and requested a Social Security card on Form I-765, SSA will issue a replacement SSN card.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection I-765 (paper) is 1,830,347 and the estimated hour burden per response is 4.38 hours; the estimated total number of respondents for the information collection I-765 (online) is 455,653 and the estimated hour burden per response is 4.00 hours; the estimated total number of respondents for the information collection I-765 Worksheet is 302,000 and the estimated hour burden per response is 0.50 hours; the estimated total number of respondents for the information collection of biometric submission processing is 302,535 and the estimated hour burden per response is 1.17 hours; and the estimated total number of respondents for the information collection of passport-style photos is 2,286,000 and the estimated hour burden per response is 0.50 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual

hour burden associated with this collection is 11,487,798 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$400,895,820.

Dated: July 8, 2024.

Samantha L. Deshommnes,

Chief, Regulatory Coordination Division, Office of Policy and Strategy, U.S. Citizenship and Immigration Services, Department of Homeland Security.

Notice of Availability of the Record of Decision for the Final Programmatic Environmental Impact Statement for the Approval of Herbicide Active Ingredients for Use on Public Lands

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Land Management (BLM) announces the availability of the Record of Decision (ROD) for the Final Environmental Impact Statement (EIS) for the Approval of Herbicide Active Ingredients for Use on Public Lands. The ROD constitutes the decision of the BLM.

DATES: The Assistant Director for Resources and Planning signed the ROD on 7/1/2024.

ADDRESSES: The ROD is available via the internet at <https://go.usa.gov/xtk6a>.

FOR FURTHER INFORMATION CONTACT: Seth Flanigan, Project Manager, telephone: 208-373-4094; email: sflanigan@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services for contacting Mr./Ms. POC's last name. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: This document provides notice that the BLM has published a ROD for a final programmatic EIS and approved seven additional herbicide active ingredients for use in vegetation treatments on BLM-managed public lands.

Purpose and Need for the Proposed Action

The BLM's purpose and need is to improve the effectiveness of its invasive plant management efforts by allowing the use of Environmental Protection Agency (EPA)-registered active ingredients not currently authorized for use on BLM public lands. Approving additional active ingredients diversifies the BLM's herbicide treatment options and helps meet the purposes that were first identified in the 2007 and 2016 programmatic EISs related to vegetation treatments, which are to make herbicides available for vegetation treatment on public lands and to describe the stipulations that apply to their use.

Decision

The BLM has approved seven additional herbicide active ingredients, including aminocyclopyrachlor, clethodim, fluozifop-p-butyl, flumioxazin, imazamox, indaziflam, and oryzalin, for use in vegetation treatments on public lands. These active ingredients are registered by the EPA. In making this decision, the BLM adopted and relied on Human Health and Ecological Risk Assessments prepared by the U.S. Forest Service.
