Information Collection Requirement

Title: Baseline Assessment for Security Enhancement (BASE) Program.

Type of Request: Revision of a currently approved collection.

OMB Control Number: 1652-0062.

Form(s): BASE electronic checklist.

Affected Public: Highway transportation asset owners and operators; and, public transportation agencies, including mass transit bus, rail transit, and less common types of service (such as cable cars, inclined planes, funiculars, and automated guideway systems).

Abstract: TSA's BASE program works with transportation asset and system owner/operators to identify their current security posture, identify security gaps, and encourage implementation of countermeasures applicable to the specific surface mode of transportation. Through a series of establish questions, data and results collected through the BASE program will inform TSA's policy and program initiatives and allow TSA to provide focused resources and tools to enhance the overall security posture within these sectors of the surface transportation community.

The Government Accountability Office (GAO), audit GAO-20-404, "Passenger Rail Security: TSA Engages with Stakeholders but Could Better Identify and Share Standards and Key Practices (April 2020)," recommended TSA update the BASE cybersecurity questions to ensure they reflect key practices.¹ TSA concurred with this recommendation and revised the collection to include questions that cover all five core functions of the National Institute of Standards and Technology cybersecurity framework. All core functions and a majority of the subcategories are integrated with Cybersecurity and Infrastructure Security Agency guidelines and established industry best practices in the newly-developed cybersecurity questions and cybersecurity BASE
