URL address	my.uscis.gov/accounts/biometrics/overview							
Page Title	Reschedule a Biometrics Appointment							
	After you file your application, petition, or request, we will schedule your biometric services appointment at a local Application Support Center (ASC) if you need to provide your fingerprints, photograph, and/or signature. We have the general authority to require and collect biometrics from any applicant, petitioner, sponsor, beneficiary, or other individual residing in the United States for any immigration and naturalization benefit. See 8 CFR 103.2 (b)(9).							
	Your appointment notice (Form I-797C, Notice of Action) will include the date, time, and location for your ASC appointment. The biometrics you provide during your ASC appointment allows us to confirm your identity and run required background and security checks.							
Overview	If the assigned Application Support Center (ASC), date, or time conflicts with an important life event, planned travel, or another significant event, you may be eligible to reschedule your appointment online. You can reschedule online if: - Your appointment is scheduled for a future date - You establish good cause to reschedule - You have not rescheduled your original appointment two (2) times; - You did not miss the original appointment time; and - Your filed form is not the Form I-600, Petition to Classify Orphan as an Immediate Relative; Form I-600A, Application for Advance Processing of an Orphan Petition; Form I-800, Petition to Classify Convention Adoptee as an Immediate Relative; and I-800A, Application for Determination of Suitability to Adopt a Child from a Convention Country. If you missed an appointment, please call the Contact Center at 800-375-5283. After an appointment is rescheduled, you will see a new notice (Form I-797C) in the "Submitted Requests" section of your account. You must bring this new notice to your scheduled appointment.							
Eligibility to reschedule online								
Missed appointment	Your attorney or an accredited representative does not need to go with you to the ASC, even if they submitted your application, petition, or request to USCIS. Your notice will provide specific instructions on what you should bring to your ASC appointment. You must bring the following to your appointment: - Your ASC appointment notice (Form I-797C). If you received multiple biometrics appointment notices, please bring all notices to your appointment at the application support center. - A valid photo identification (such as your Green Card, passport, or driver's license). - We recommend that you print or save a copy of your completed application, petition, or request for your records. We also recommend that you review this copy before you come to your ASC appointment. We cannot provide you with a copy of your application, petition, or request, or a copy of any of your biometric services appointment notices at the time of your ASC appointment. If you need more information about how to prepare for your biometrics appointment, there is more information here on USCIS.gov. [https://www.uscis.gov/forms/filing-guidance/preparing-for-your-biometric-services-appointment]
