SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. 3501 et seq., chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection.

The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) the practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology. These comments will help OIRA determine whether to approve the ICR referred to in this Notice.

We encourage you to respond to this request by submitting comments and related materials. Comments to Coast Guard or OIRA must contain the OMB Control Number of the ICR. They must also contain the docket number of this request, USCG-2024-0382, and must be received by September 27, 2024.

Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (89 FR 48904, June 10, 2024) required by 44 U.S.C. 3506(c)(2). That notice elicited no comments. Accordingly, no changes have been made to the Collection.

Information Collection Request

Title: Adequacy Certification for Reception Facilities and Advance Notice--33 CFR part 158.

OMB Control Number: 1625-0045.

Summary: This information helps ensure that waterfront facilities are in compliance with reception facility standards. Advance notice information from vessels ensure effective management of reception facilities.

Need: Section 1905 of Title 33 U.S.C. gives the Coast Guard the authority to certify the adequacy of reception facilities in ports. Reception facilities are needed to receive waste from ships which may not discharge at sea. Under the regulations in 33 CFR part 158 there are discharge limitations for oil and oily waste, noxious liquid substances, plastics and other garbage.

Forms:

- CG-5401, Certificate of Adequacy for Reception Facility
- CG-5401A, Application for a Reception Facility Certificate of Adequacy (COA) for Oil, Form A
- CG-5401B, Application for a Reception Facility Certificate of Adequacy (COA) for Noxious Liquid Substance (NLS) Residues and Mixtures Containing NLS Residues, Form B
- CG-5401C, Application for a Reception Facility Certificate of Adequacy for Garbage, Form C
- CG-5401D, Application for a Reception Facility Certificate of Adequacy for Ozone Depletion Substances and Exhaust Gas Cleaning System Residue, Form D
- CG-5401X, Certificate of Adequacy (COA) Application

Why is the Coast Guard proposing a new form: The Coast Guard is adding a new optional form CG-5401X to streamline the application process. The new form may be used when a facility is applying for more than one COA type (i.e., MARPOL Annex category). The COA types are--Oil Residue (Annex I), Noxious Liquid Substances (Annex II), Garbage (Annex V), Ozone Depleting Substances (Annex VI) and Exhaust Gas Cleaning Systems (Annex VI).

Respondents: Owners and operators of reception facilities, and owners and operators of vessels.

Frequency: On occasion.

Hour Burden Estimate: The estimated burden has decreased from 4,167 hours to 3,963 hours a year, due to the estimated decrease in time to complete a COA application.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. et seq., chapter 35, as amended.

Dated: August 23, 2024.

Kathleen Claffie,
Chief, Office of Privacy Management, U.S. Coast Guard.
