revised August 2024**

Overview

The School Pulse Panel is uniquely structured to be responsive to the needs of stakeholders and policymakers. The 2024-25 monthly surveys will encompass broad content domains, each with a series of measurement items addressing a specific research question. This B1 item bank includes items that will be fielded in the 2024-25 SPP. This item bank supplements the B2 item bank, which includes previously approved and administered items from the 2021-22 SPP and 2023-24 SPP collections. Content in B1 is organized by month fielded.

Suggestions for Future Items

FutCont. We want to ensure we are continuing to collect information on topics that are relevant to the day-to-day functioning of U.S. public schools during the 2024-25 school year and beyond. In the space below, please share any topics you believe are important for us to know as we continue this monthly survey collection.

This item is optional.

Attendance

Att1. Today (or the most recent day you have data), what is your attendance rate?

*An attendance rate is the percentage of your students who are **present** for school.*

_____ %

Please select the date in the calendar that you used for the attendance rate.

Next, we are interested in chronic absenteeism at your school during the 2024-25 school year. You may either report the percentage or number of students who were chronically absent this school year. Please only respond to one of the next two items you see.

ABS1_p. During the 2024-25 school year, approximately what percentage of students at your school have been **chronically absent**? Include excused and unexcused absences. {plan to display either version 1 or version 2, based on cognitive testing feedback}

Chronic absenteeism is defined as students who are absent for at least 10 percent of the school year

- _____ percent of students chronically absent

OR

ABS1_c. During the 2024-25 school year, approximately how many students at your school have been chronically absent for the 2024-25 school year? {plan to display either version 1 or version 2, based on cognitive testing feedback}

Chronic absenteeism is defined as students who are absent for at least 10 percent of the school year
____ number of students chronically absent

ABS2b 3-2b. Compared to the **LAST school year (2023-24)**, how has chronic absenteeism changed at your school during the 2024-25 school year? Include excused and unexcused absences. {plan to display either version 1 or version 2, based on cognitive testing feedback}

- Chronic student absenteeism has decreased a lot
- Chronic student absenteeism has decreased a little
- Chronic student absenteeism has remained about the same
- Chronic student absenteeism has increased a little
- Chronic student absenteeism has increased a lot
- Don't Know
