

ability of those carriers to continue to provide safe and quality transportation service. (*Id.* at 19.) Applicant states that he has no outstanding debts related to these transactions, has minimal overall debts, and was able to pay down acquisition debt promptly following the relevant acquisitions. (Appl. 24; Suppl. 19.)

Applicant states that the historical acquisitions of control of the Affiliated Carriers have not had any material adverse effect on employee or labor conditions. Applicant asserts that, since those acquisitions, there have not been any mass layoffs or substantial employee restructurings, and no adverse changes to wage and benefit arrangements have been implemented. (Suppl. 20.)

Based on Applicant's representations, the Board finds that the acquisition of FTS is consistent with the public interest and should be tentatively approved and authorized. The Board also finds that the historical acquisitions of control of the Affiliated Carriers are consistent with the public interest and should be tentatively approved and authorized after the fact. If any opposing comments are timely filed, these findings will be deemed vacated and, unless a final decision can be made on the record as developed, a procedural schedule will be adopted to reconsider the application. See 49 CFR 1182.6. If no opposing comments are filed by the expiration of the comment period, this notice will take effect automatically and will be the final Board action in this proceeding.

This action is categorically excluded from environmental review under 49 CFR 1105.6(c).

Board decisions and notices are available at www.stb.gov.

It is ordered:

1. The proposed acquisition of FTS is approved and authorized, subject to the filing of opposing comments.

2. The acquisitions of the Affiliated Carriers are approved and authorized after the fact, subject to the filing of opposing comments.

3. If opposing comments are timely filed, the findings made in this notice will be deemed vacated.

4. This notice will be effective December 31, 2024, unless opposing comments are filed by December 30, 2024. If any comments are filed, Applicants may file a reply by January 13, 2025.

5. A copy of this notice will be served on: (1) the U.S. Department of Transportation, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590; (2) the U.S. Department of Justice, Antitrust

Division, 10th Street & Pennsylvania Avenue NW, Washington, DC 20530; and (3) the U.S. Department of Transportation, Office of the General Counsel, 1200 New Jersey Avenue SE, Washington, DC 20590.

Decided: November 7, 2024.

By the Board, Board Members Fuchs, Hedlund, Primus, and Schultz.

Aretha Laws-Byrum,
Clearance Clerk.

BILLING CODE 4915-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. 2120-0076]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Renewal of AVIATOR (Automated Vacancy Information Access Tool for Online Referral) Customer Satisfaction Survey

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 5, 2024. The collection involves on-line, electronic applicant (customer) answers to standard survey questions. The questions are presented as multiple-choice selections and free-form text areas where applicants can choose their desired answer and, if they wish, add additional comments. The information to be collected will be used to and is necessary to gauge the level of user satisfaction with the AVIATOR (Automated Vacancy Information Access Tool for Online Referral) system. Additionally, the surveys are used to obtain benchmarking and feedback to ensure quality.

DATES: Written comments should be submitted by December 16, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting

“Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Toni Main-Valentin by email at: toni.main-valentin@faa.gov; phone: 405-954-0870.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120-0699.

Title: AVIATOR (Automated Vacancy Information Access Tool for Online Referral) Customer Satisfaction Survey.

Form Numbers: N/A (electronic).

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 5, 2024 (89 FR 48213). The Government Performance and Results Act of 1993 (GPRA) Section 2(b)(3) requires agencies to “improve Federal program effectiveness and public accountability by promoting a new focus on results, service quality, and customer satisfaction”. In addition, as stated in the White House “Memorandum for Heads of Executive Departments and Agencies” regarding Executive Order No. 12862, “the actions the order prescribes, such as surveying customers, surveying employees, and benchmarking, shall be continuing agency activities”. This collection supports the Department of Transportation (DOT) strategic goal of Organizational Excellence.

In compliance with the Government Paperwork Elimination Act (GPEA), all of our data collection will be 100% electronic using an online form; Applicants will be asked to complete the survey just before they exit the system. The AVIATOR Customer Satisfaction Survey is designed to identify potential problems with FAA's automated staffing solutions as well as to evaluate customer satisfaction with the on-line application process. The information is not gathered by any other collection. It will be difficult, if not impossible, to improve the AVIATOR system's overall performance and customer satisfaction without utilizing

the survey as a performance measurement tool.

Respondents: 495,972 applicants (from January 1, 2021, to December 31, 2023) had the opportunity to complete a survey. This gives us a 3-year average of 165,324 applicants per year. We estimate that it takes 3 minutes to complete one survey. Our data indicates that 11.14% of applicants (18,424 averaged for 3 years) completed surveys during this timeframe.

Frequency: On occasion/as interested.
Estimated Average Burden per

Response: Three (3) minutes per person.

Estimated Total Annual Burden:

18,424 respondents × 0.05 (3/60) = 921.

Issued in New Cumberland, PA on November 6, 2024.

Erik L. Chuba,

IT Project Manager, Office of Information and Technology (AIT), Enterprise Program Management Services (EPMS), AEM-320, Business Management Portfolio, Branch B.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2013-0442]

Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders; Correction

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of correction; reopening of comment period.

SUMMARY: FMCSA corrects its August 7, 2024, notice requesting comments on its decision to renew exemptions for seven individuals from the requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) that interstate commercial motor vehicle (CMV) drivers have “no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV” to correctly list the docket number that one individual was included in. The exemptions enable these individuals who have had one or more seizures and are taking anti-seizure medication to continue to operate CMVs in interstate commerce. The Agency also reopens the public comment period for that notice.

DATES: The comment period for the notice published August 7, 2024, at 89 FR 64532, is reopened. Comments must be received on or before December 16, 2024.

FOR FURTHER INFORMATION CONTACT: Ms. Christine A. Hydock, Chief, Medical Programs Division, FMCSA, DOT, 1200 New Jersey Avenue SE, Room W64-224, Washington, DC 20590-0001, (202) 366-4001, *fmcsamedical@dot.gov*. Office hours are from 8:30 a.m. to 5 p.m. ET Monday through Friday, except Federal holidays. If you have questions regarding viewing materials in the docket, contact Dockets Operations, (202) 366-9826.

SUPPLEMENTARY INFORMATION: On August 7, 2024, FMCSA published a notice of renewal of exemptions (89 FR 64532), which FMCSA announced its decision to renew exemptions for seven individuals from the requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) that interstate commercial motor vehicle (CMV) drivers have “no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV.” The notice inadvertently published the incorrect docket number for the renewal applicant, Raymond Lobo (NJ). Through this notice, FMCSA corrects the August 7, 2024, notice of renewal of exemptions by correctly indicating the complete docket number.¹

In FR Doc. 2024-17422, starting on page 64532 in the **Federal Register** of August 7, 2024, “FMCSA-2013-044” is corrected to read “FMCSA-2013-0442” wherever it appears in the document.

FMCSA corrects the notice and reopens the comment period to ensure that interested parties have sufficient time to review and comment on the renewal of exemptions.

Larry W. Minor,

Associate Administrator for Policy.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

[Docket No. FTA-2024-0009]

Notice of Buy America Waiver for Turnout Switch Components for Detroit People Mover

AGENCY: Department of Transportation (DOT), Federal Transit Administration (FTA).

ACTION: Notice of Buy America waiver.

SUMMARY: This notice provides information regarding FTA’s finding

¹ The published version of the original notice is included in the docket for this correction.

that it is appropriate to grant a Buy America nonavailability waiver to the Detroit Transportation Corporation (DTC) for the procurement of special trackwork turnout switch components needed for the DTC’s People Mover that are not manufactured in the United States. Specifically, this waiver covers one pair of EN60E1A1 switch point rails and all appurtenances associated with its installation.

DATES: The waiver is applicable November 14, 2024.

FOR FURTHER INFORMATION CONTACT: Jason Luebbers, FTA Attorney-Advisor, at (202) 366-8864 or *Jason.Luebbers@dot.gov*.

SUPPLEMENTARY INFORMATION:

Background

With certain exceptions, FTA’s Buy America requirements prevent FTA from obligating an amount that may be appropriated to carry out its program for a project unless “the steel, iron, and manufactured goods used in the project are produced in the United States.” 49 U.S.C. 5323(j)(1). A manufactured product is considered produced in the United States if (1) all of the manufacturing processes for the product take place in the United States and (2) all of the components of the product are of U.S. origin. A component is considered of U.S. origin if it is manufactured in the United States, regardless of the origin of its subcomponents. 49 CFR 661.5(d).

FTA may waive Buy America requirements for a product if, among other reasons, a compliant version of the product is not produced in a sufficient and reasonably available amount or is not of satisfactory quality. 49 U.S.C. 5323(j)(2)(B). FTA cannot deny a request for a nonavailability waiver unless it can provide the waiver applicant with a written certification that the item is produced in the United States in a sufficient and reasonably available amount; the item produced in the United States is of a satisfactory quality; and includes a list of known manufacturers in the United States from which the item can be obtained. 49 U.S.C. 5323(j)(6).

DTC is the owner and operator of the Detroit People Mover, which is the largest municipal rail system in Michigan. It is an automated light rail system that operates twelve rail cars on an elevated single track in a 2.9-mile loop with thirteen passenger stations in Detroit’s central business district.

The existing switches were installed as original equipment in 1987 and designed to European standards, using AREMA 115RE rail throughout the
