1. *Title:* Application for Consent to Exercise Trust Powers.
OMB Number: 3064–0025.
Form Number: 6200/09.
Affected Public: Insured state nonmember banks wishing to exercise trust powers.
Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN (OMB No. 3064–0025)

Information collection (IC) (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Average time per response (HH:MM)	Annual burden (hours)

2. Application for Consent to Exercise Trust Powers—Not-Eligible Depository Institutions, 12 CFR 303.242 (Mandatory).	Reporting (On Occasion)	1	1	24:00	24
Total Annual Burden (Hours)	48

Source: FDIC.

General Description of Collection: FDIC regulations (12 CFR 333.2) prohibit any insured State nonmember bank from changing the general character of its business without the prior written consent of the FDIC. The exercise of trust powers by a bank is usually considered a change in the general character of a bank’s business if the bank did not exercise those powers previously. Therefore, unless a bank is currently exercising trust powers, it must file a formal application to obtain

the FDIC’s written consent to exercise trust powers. State banking authorities, not the FDIC, grant trust powers to their banks. The FDIC merely consents to the exercise of such powers. Applicants use form FDIC 6200/09 to obtain FDIC’s consent. There is no change in the methodology or substance of this information collection. The decrease in total estimated annual burden from 72 hours in 2022 to 48 hours currently is due to decrease in the number of

applications for expedited processing from eligible depository institutions.

General Description of Collection: Section 342 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Act) required the Office of the Comptroller of the Currency, the Federal Reserve System, the FDIC, the Consumer Financial Protection Bureau, and the Securities and Exchange Commission each to establish an Office of Minority and Women Inclusion (OMWI) to be responsible for all matters of the agency relating to diversity in management, employment, and business activities. The Act also instructed each OMWI director to develop standards for assessing the diversity policies and practices of entities regulated by the agency. The agencies worked together to develop joint standards (Joint Standards) and, on June 10, 2015, they jointly published in the **Federal Register** the “Final Interagency Policy Statement Establishing Joint Standards for Assessing the Diversity Policies and Practices of Entities Regulated by the Agencies” (Policy Statement). The Policy Statement includes Joint Standards that cover “Practices to

Promote Transparency of Organizational Diversity and Inclusion.” These Joint Standards contemplate that a regulated entity is transparent about its diversity and inclusion activities by making certain information available to the public annually on its websites or through other appropriate communications methods, in a manner reflective of the entity’s size and other characteristics. The specific information referenced in these standards is (a) the entity’s diversity and inclusion strategic plan; (b) its policy on its commitment to diversity and inclusion; (c) its progress toward achieving diversity and inclusion in its workforce and procurement activities; and (d) opportunities available at the entity that promote diversity. In addition, the Policy Statement includes Joint Standards that address “Entities’ Self-Assessment.” The Joint Standards for Entities’ Self-Assessment envision that a regulated entity, in a manner reflective of its size and other characteristics, (a) conducts annually a voluntary self-assessment of its diversity policies and

practices; (b) monitors and evaluates its performance under its diversity policies and practices on an ongoing basis; (c) provides information pertaining to its self-assessment to the OMWI Director of its primary Federal financial regulator; and (d) publishes information pertaining to its efforts with respect to the Joint Standards. There is no change in the methodology or substance of this information collection. The decrease in total estimated annual burden from 1560 hours in 2022 to 991 hours currently is due to the expectation that most repeat respondent banks would use the copy/clone feature in Financial Institution Diversity-Self Assessment (FID-SA) for their future submissions, thereby saving a substantial amount of response time and reducing their overall burden hours.

3. *Title:* Computer Security Incident Notification Requirements.

OMB Number: 3064–0214.

Form Number: None.

Affected Public: Businesses or other for-profit.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN (OMB NO. 3064–0214)

Information collection (IC) (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Time per response (HH:MM)	Annual burden (hours)
1. Notification Incident Reporting, 12 CFR 304.23 (Mandatory)	Reporting (On Occasion)	67	1.25	03:00	252
2. Service Provider Notification, 12 CFR 304.24 (Mandatory)	Reporting (On Occasion)	832	1	03:00	2,496
Total Annual Burden (Hours)	2,748

Source: FDIC.

General Description of Collection: The Office of the Comptroller of the Currency, Board of Governors of the Federal Reserve System, and the FDIC are issuing a notice of proposed rulemaking (the proposed rule) that would require a banking organization to notify its primary Federal regulator upon the occurrence of a significant computer security incident. This notification requirement is intended to serve as an early alert to a banking organization’s primary Federal regulator and is not intended to include an assessment of the incident. The proposed rule would allow a banking organization to authorize or contract

with a bank service provider to allow the bank service provider to make the relevant notifications to the banking organization’s primary Federal regulator on the banking organization’s behalf. Moreover, a bank service provider as defined herein and in accordance with the Bank Service Company Act (BSCA) would be required to notify affected banking organization customers within four hours of when it experiences a computer-security incident that it reasonably believes could disrupt, degrade, or impair services provided subject to the BSCA for four or more hours. “Bank service providers” would include both bank service companies

and third-party service providers, under the BSCA. There is no change in the methodology or substance of this information collection. The increase in total estimated annual burden from 2,694 in 2022 to 2,748 currently is due to a change in the estimated number or respondents.

Centers for Medicare & Medicaid Services

[Document Identifier: CMS–10398 #88]

Medicaid and Children's Health Insurance Program (CHIP) Generic Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: On May 28, 2010, the Office of Management and Budget (OMB) issued Paperwork Reduction Act (PRA) guidance related to the “generic” clearance process. Generally, this is an expedited process by which agencies may obtain OMB's approval of collection of information requests that are “usually voluntary, low-burden, and uncontroversial collections,” do not raise any substantive or policy issues, and do not require policy or methodological review. The process requires the submission of an overarching plan that defines the scope of the individual collections that would fall under its umbrella. This **Federal Register** notice seeks public comment on one or more of our collection of information requests that we believe are generic and fall within the scope of the umbrella. Interested persons are invited to submit comments regarding our burden estimates or any other aspect of this collection of information, including: the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments must be received by November 19, 2024.

ADDRESSES: When commenting, please reference the applicable form number (CMS–10398 #86) and the OMB control number (0938–1148). To be assured consideration, comments and recommendations must be submitted in any one of the following ways:

1. *Electronically.* You may send your comments electronically to <http://www.regulations.gov>. Follow the instructions for “Comment or Submission” or “More Search Options” to find the information collection
