

Pre-Survey Email Script

Dear National Network Members,

ORS Impact, the evaluation team for the NSF Eddie Bernice Johnson INCLUDES Coordination Hub (Coordination Hub), will be sending the annual National Network Survey to all members of the NSF Eddie Bernice Johnson INCLUDES National Network (National Network). On [DATE], you will receive an email with your unique link to the electronic survey. Your responses will provide important information the Coordination Hub will use to support the National Network.

This survey provides you with an opportunity to share feedback on your experiences as a member of the National Network and interactions with the Online Community (www.includesnetwork.org) to date. This includes your perspectives on desired outcomes and ways in which the National Network is informing and supporting your efforts to broaden participation in STEM. Your feedback is invaluable for shaping future activities for the Coordination Hub and your participation is important as we collaborate to build a strong National Network.

Pursuant to 5 CFR 1320.5 (b), an agency may not conduct or sponsor, and a person is not required to respond to an information collection unless it displays a valid OMB control number. The OMB control number for this collection is 3145-0256. Public reporting for this collection of information is estimated to average 10 – 25 minutes per response, including the time for reviewing instructions.

Your participation in this survey is voluntary, and you may opt out at any time. We will not report individual responses—all findings will be reported in aggregate without personally identifiable information.

We appreciate your willingness and cooperation in offering us feedback. Please contact nsfincludeshub@sri.com with any questions or concerns.

In community,
The Coordination Hub
