

Dear Liaison,

Thank you for participating in the U.S. Census Bureau's Collection of Post-2020 Census Congressional and State Legislative District Plans (Phase 4) activity. To date, we have not received a response for the **<insert appropriate CD/SLDs>**, verification materials (block equivalency files and verification forms) that were sent to you on **<insert date>**.

We are eager to confirm that your districts have been correctly inserted into our Master Address File/Topologically Integrated Geographic Encoding and Referencing (MAF/TIGER) System since they will be included in future data and geographic products released by the Census Bureau.

If you agree that the verification materials correctly represent your districts, please complete the attached verification forms to certify your agreement. If anything is inaccurate, please use the same forms to identify the needed corrections. Please email the forms, and any other supporting materials, to the [Redistricting and Voting rights Data Office](#) at your earliest convenience, but no later than **<insert date>**.

If you have any questions, please contact the Redistricting and Voting rights Data Office (RVDO) at 301-763-4039 or at rdo@census.gov.

Sincerely,

<RVDO staff name>
