Instructions SHORESIDE PROCESSOR CHECK-IN / CHECK-OUT REPORT

The manager of a shoreside processor or stationary floating processor (SFP) is required to submit a check-in report (BEGIN message) prior to participation in a groundfish fishery and to submit a check-out report (CEASE message) upon completion of that participation. The check in/check out information is used by NMFS in-season managers to monitor the fishing capacity and effort in fishery allocations and quotas. A shoreside processor or SFP is active when receiving or processing groundfish. The manager of a shoreside processor or SFP must submit to NMFS a check—in report (BEGIN message) prior to becoming active and a check—out report (CEASE message) for every check—in report submitted.

The check-in /-out report must be submitted by fax to 907-586-7131 or email to nmfs.akr.monitoring@noaa.gov.
