Report Your Catch

The information below relates to reporting requirements that can be completed through the HMS Permit Shop. For more information on other requirements, including those connected to permits issued through regional NOAA Fisheries offices, visit the NOAA Fisheries website. Details are also available in our Atlantic HMS recreational, commercial, and dealer compliance guides.

Recreational Fishermen

If you hold either an HMS Angling Permit or HMS Charter/Headboat Permit, you must report bluefin tuna landings and dead discards, and swordfish and billfish landings within 24 hours of returning from a trip. You must also report any billfishes and swordfish caught within Florida state waters.

| In most cases, you can report online by entering your permit number in the field below or through our Catch Reporting app | Sending Permits |

On the species landing page, input the information requested by asking the fisherman the pertinent information. If the fish was sold, a Tag number is required. Use the drop down menus to input Length Type, Weight Type, Time Hooked, Hook Type, Fishing Technique and Bait type. If you cannot find the technique used on the dropdown menu, describe it on the Other field. Check twice and click on Save. You will then be taken to the Landing Data page.
