Post-Approval/Publication/Post-Notice of Allowance (NOA) Amendment

TEAS - Version 8.1

For more information regarding any of the following questions or topics, either go to [HELP](#) or click on the underlined word. You may use the following Post-Publication Amendment form *only* to:

- File a proposed amendment to an application that: (1) the examining attorney has approved for publication; or (2) has already published for opposition but where the registration certificate or notice of allowance has neither been prepared for issuance nor actually issued. This form may be used if an *extension of time* to file a Notice of Opposition has been filed, but not when a Notice of Opposition has been filed.

WARNING: Any post-publication amendment must be submitted and *processed* at least twenty (20) days before the scheduled registration date or mailing date of the notice of allowance. If the mark is scheduled to register, after registration you may file the proposed amendment as a [Section 7 Request Form \(https://teas.uspto.gov/s7r\)](#). If the notice of allowance has issued or is scheduled to be issued, you may submit the proposed amendment when filing the statement of use. For more information about the post-publication amendment process, click the appropriate category below:

TIMEOUT WARNING: You're required to log back in after 30 minutes of inactivity (<https://www.uspto.gov/page/teas-help#inactivity>). This ensures the USPTO complies with mandatory federal information security standards (<https://doi.org/10.6028/NIST.SP.800-63b>) and protects user information. After 25 minutes of inactivity, you will be prompted to continue your session. If you do not continue within 5 minutes, the session will end, you will be logged out of your USPTO.gov account, and you will lose any unsaved data in the form. Please have all of your information ready before you start.

Required fields are indicated with an asterisk (*). A declaration will automatically appear at the end of the actual form in appropriate instances, which must be signed if a "#" symbol precedes a specific item listed on the form by someone who is a "proper party to sign on behalf of applicant" under [Trademark Rule 2.33](#). If not required, the declaration may simply be left unsigned. However, the information for the Post-Publication Amendment signature section must always be entered.

STEP 1: Enter serial number or access saved form:

* **Serial Number:** (required only if preparing a Post-Publication Amendment for the first time; if you have already saved a form, use the option below)

OR

To upload a previously saved form file, first review the [TEAS Help instructions for accessing previously saved data](#) and then use the "Browse..." button below to access the form file saved on your computer. **WARNING:** Failure to follow the TEAS Help instructions will result in the inability to edit your data.

Do **NOT** upload or attach any other file(s) (for example, a specimen or foreign registration certificate) using the button below. You must upload other attachments within the proper section of the actual form, after answering "Yes" to the appropriate wizard question(s) on the next page.
