

JUSTIFICATION FOR NONMATERIAL/NONSUBSTANTIVE CHANGE
Response to Office Action and Voluntary Amendment Forms
OMB Control Number 0651-0050

Background

The United States Patent and Trademark Office (USPTO) administers the Trademark Act, 15 U.S.C. 1051 *et seq.*, which provides for the Federal registration of trademarks, service marks, collective trademarks and service marks, collective membership marks, and certification marks. Individuals and businesses that use such marks or intend to use such marks in interstate commerce may file an application to register their marks with the USPTO. In some cases, the USPTO issues Office Actions to applicants who have applied for a trademark application, requesting additional information that was not provided with the initial submission but is required before the issuance of a registration. Also, the USPTO may determine that the mark is not entitled to registration, pursuant to one or more provisions of the Act. In such cases, the USPTO may issue Office Actions advising applicants of the refusal to register the mark. Applicants reply to these Office Actions by providing the required information and/or by putting forth legal arguments as to why the refusal or registration should be withdrawn.

In support of RIN 0651-AD65 (Setting and Adjusting Trademark Fees During Fiscal Year 2025), USPTO is changing two fees in this information collection and is adding one fee.
