

Invitation to Participate in Focus Groups

Form Approved
OMB No. 0920-1355
Exp. Date: 11/30/2024

Subject: Invitation to Participate in the DOP TAC Community of Practice Focus Group

Greetings!

As part of our ongoing efforts to enhance the effectiveness and reach of the DOP Technical Assistance Center, we are conducting a series of focus group discussions. These sessions are designed to gather insights into how participation in our Community of Practice (CoP) has influenced your professional development, specifically in terms of knowledge enhancement and skill application within your role.

Your contributions to the CoP have been invaluable, and we believe that your experiences and perspectives will greatly inform our understanding of the CoP's impact. This is also an excellent opportunity for you to share your thoughts on potential areas for improvement.

Please consider this as a formal invitation to join one of our focus group discussions. Your feedback will be instrumental in shaping the future direction of the DOP TAC CoPs, ensuring it continues to meet and exceed the needs of its members.

Here's what you need to know about the focus group sessions:

- **Duration:** Each session will last no longer than 60 minutes.
- **Group Size:** We aim to have a small group of 5-10 participants for each session to ensure that everyone has the opportunity to share their insights.
- **Focus:** We are particularly interested in hearing about how the CoP has helped you enhance your professional knowledge and skills, examples of how you've applied these in your job, and any suggestions you might have for making our CoP even more beneficial.

If you are interested in participating, please reply to **this email** by **[insert reply deadline]** with your availability, and we will follow up with the specific details of the session, including the date and time. Should you have any questions or need further information, feel free to contact us directly.

Thank you for considering this invitation. We are looking forward to your participation and to

hearing your valuable insights.

Sincerely,

[Sender's name], DOP TAC Team

Public reporting burden of this collection of information is estimated to average 2 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; Attn: OMB-PRA (0920-1355)
