

AR Lab Network Form for Isolate/Specimen-level Mycotics Testing (*C. auris* Whole Genome Sequencing)

ARLN isolate or REDCap ID
ARLN specimen id
ARLN PHL State
Public health laboratory name
REDCap reporting date
REDCap last updated date
Did your lab perform WGS on this isolate?
Date isolate was whole genome sequenced
WGS ID
SRR number
Did your lab use MycoSNP for QC and SNP analysis?
If other bioinformatics tools were used for QC and SNP analysis, specify
<i>C. auris</i> clade
If other <i>C. auris</i> clade identified, specify
Date sequence results reported
WGS comments
