OMB No. 0920-0910  
Exp. Date 01/31/2024

On behalf of the Centers for Disease Control and Prevention (CDC), we're conducting a study about different health and smoking related advertising that you might see in the media, such as on TV or on the internet. Your opinions are very important to us! The purpose of this survey is to gather your opinions on advertisements encouraging people who smoke to quit; it is not to see products. We will not report your answers individually. We will report results from this survey for the group as a whole. Thank you for taking the time to help us! It will take about 2 minutes to determine your eligibility and about 10 minutes to complete the survey.

Your participation in this survey is voluntary. You may stop participating at any time.

*Public reporting burden of this collection of information is estimated to average 2 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.
