Thank you for your interest in advocacy at NCI!

NCI's Office of Advocacy Relations Research Advocate System (RAS) now uses Login.gov for advocates to create and manage their profiles. Login.gov allows for enhanced security and is compliant with HHS' two-factor authentication requirements. Please see the directions below for creating and managing your profile in the RAS.

**If you do not have a Login.gov account**, please click "Register" to create one. Once you create a Login.gov account you will be able to create and manage your advocacy profile.

*Please make sure to create a Login.gov account using the email address to which you received an invitation to participate in advocacy at NCI.*

**If you already have a Login.gov account**, please click "Log In". Once you sign in to your account you'll be able to create and manage your advocate profile.

*You can use your existing Login.gov account if it has the same email address as the one we used to invite you to participate, otherwise, you do need to create a new Login.gov account.*

Thank you again for your interest in advocacy at NCI and for completing a profile in the RAS. Creating a profile allows us to consider you for advocate opportunities across NCI.
