

## Appendix B. 2024 NSECE Household Questionnaire Items - Overview and Comparison

2019 Category	2019 Construct	2024 Construct	First Item of 2024 Construct	Key changes from 2019 to 2024
<b>Section A: Child Demographics</b>	Number of children under age 6 living in household	Number of children under age 6 living in household	S1_Check	
	Number of children ages 6 to 13 living in household	Number of children ages 6 to 13 living in household	S1_SA	
	Roster of each child under age 13 in household	Roster of each child under age 13 in household	A1	
	Sex of each child in household	Sex of each child in household	A1b	
	Dates of birth for each child in household	Dates of birth for each child in household	A1c	
	Country of birth for each child in household	Country of birth for each child in household	A1c1	
	Ethnicity of each child in household	Ethnicity of each child in household	A2d	
	Race of each child in household	Race of each child in household	A2e	
	Physical, emotional, developmental, or behavioral condition for each child that affects care provided	Physical, emotional, developmental, or behavioral condition for each child that affects care provided	A2h	
	Respondent's relationship to each child	Respondent's relationship to each child	A2f	
	Presence of each child's parent in the household	Presence of each child's parent(s) in the household	A2g	

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
<b>Section A: Child Demographics</b>	N/A	Whether child has a parent who doesn't live in this household	HH14_1	Added new items to more comprehensively capture a child's parents that live both inside and outside the household (as this becomes more prevalent over time).  For children with non-resident parents, added items to collect new details about time spent between households, and time spent in parental and non-parental care when with non-resident parent.
	N/A	Does child live at multiple addresses	HH15_1	
	N/A	What nights did child spend with non-residential parent last week	HH15_3	
	Identification of children with non-resident parent(s)	Identification of children with non-resident parent(s)	A2G1	
	Location of non-resident parent(s)	Location of non-resident parent(s)	A2G2	
	Educational attainment of non-resident parent(s)	Educational attainment of non-resident parent(s)	A2G8	
	Number of times non-resident parent(s) visited child in last 12 months	Number of times non-resident parent(s) visited child in last 12 months	A2G9	
	Whether non-resident parent(s) has contributed \$500 or more to child in last 12 months	Whether non-resident parent(s) has contributed \$500 or more to child in last 12 months	A2G9a	
	N/A	Whether child's non-resident parent lives with a spouse or partner	A2G8A	Added item on whether a child's non-resident parent has a spouse or partner (who may serve as a caregiver to the child).

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
<b>Section B: Respondent and Household Adults Demographics</b>	Number of individuals over 13 years old living in household	Number of individuals over 13 years old living in household	B1a1	
	Roster of household members over 13	Roster of household members over 13	B1A	
	Age of each household member over 13	Age of each household member over 13	B1B	
	Sex of each household member over 13	Gender identity of each household member over 13	B1C	Updated item on gender identity to align with guidance set out in: <a href="#">OMB (Jan 2023) Recommendations on the Best Practices for the Collection of Sexual Orientation and Gender Identity Data on Federal Statistical Surveys (whitehouse.gov)</a>
	Respondent's relationship to each household member over 13	Respondent's relationship to each household member over 13	B1d	
	Whether each household member has any children living in household for	Whether each household member has any children living in household	B1e	
	Identification of each household member's children living in the household	Identification of each household member's children living in the household	B1e_1	
	Household member cares for children in household	Household member cares for children in household	B1f	
	Educational attainment of each household member over 13	Educational attainment of household members over 13	B1j	
<b>Section B:</b>	Ethnicity of respondent	Ethnicity of respondent*	B1m	Updated item to align with HHS Implementation Guidance

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
<b>Respondent and Household Adults Demographics</b>				on Data Collection Standards for Race, Ethnicity, Sex, Primary Language, and Disability Status (2011) by allowing respondents to describe their Hispanic/Latino/Spanish origin more precisely with separate categories for Mexican, Puerto Rican, Cuban and other Hispanic/Latino/Spanish origin, and the ability to select one or more option.
	Race of respondent	Race of respondent	B1n	
	N/A	Sexual orientation of respondent	B1_SO	Added item on sexual orientation of respondent aligned with guidance set out in: <a href="#">OMB (Jan 2023) Recommendations on the Best Practices for the Collection of Sexual Orientation and Gender Identity Data on Federal Statistical Surveys (whitehouse.gov)</a>
	Country of birth for each household member over 13	Country of birth for household members over 13	B1o	
	Year each household member first came to U.S.	Year household members over 13 first came to U.S.	B1o_1	

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
<b>Section B: Respondent and Household Adults Demographics</b>	Identification of any guardian for children in the household with no reported parents	Identification of any guardian for children in the household with no reported parents	B1_CUST	
	Formality of guardian arrangement	Formality of guardian arrangement	B1_CUST_a	
	Description of relationship between parents in the household with more than two parents present	Description of relationship between parents in the household with more than two parents present	B1_STRUCT	
	Language usually spoken in household	Language usually spoken in household	B2	
	Any relatives living nearby	Any relatives living nearby	B3	
	Any nearby relative able to regularly care for children at no cost	Any nearby relative able to regularly care for children at no cost	B3b	
	Any nearby relative able to regularly care for children if paid	Any nearby relative able to regularly care for children if paid	B3c	
<b>Section C: Child Care: Types and Hours</b>	Roster of individuals and organizations that cared for each child last week	Roster of individuals and organizations that cared for each child last week	C1	
	Detailed schedule of non-parental care for each child last week	Detailed schedule of non-parental care for each child last week	C2	
	Identification of non-parental care providers who regularly care for child but did not care for child last week	Identification of non-parental care providers who regularly care for child but did not care for child last week	C3	
	Location of non-parental care for each regular, but not last week provider	Location of non-parental care for each regular, but not last week provider	C4a	

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
<b>Section C: Child Care: Types and Hours</b>	Number of hours per week each regular, but not last week provider, usually cares for a child	Number of hours per week each regular, but not last week provider, usually cares for a child	C4b	
	N/A	Respondent's knowledge of child's childcare arrangements when at other household (of non-resident parent)	HH15_4	Added item to capture knowledge of child's schedule when they are with the non-resident parent
	Whether provider is individual or organization	Whether provider is individual or organization	C5A	
	Any respondent prior personal relationship to provider	Any respondent prior personal relationship to provider	C5C	
	Respondent's type of relationship to provider	Respondent's type of relationship to provider	C5CA	
	Whether provider cares for 4 or more children	Whether provider cares for 4 or more children	C5CB2	
	Whether provider receives any payment for caring for children	Whether provider receives any payment for caring for children	C5E	
	Whether respondent provides anything other than money to provider and frequency	Whether respondent provides anything other than money to provider*	C5E1	Kept item about whether family uses non-monetary approaches to pay provider; removed follow-up item about frequency of non-monetary payment.
	Provider lives or provides care in household	Provider lives or provides care in household	C5D	
	Linkage of specific providers mentioned to nearby providers	Linkage of specific providers mentioned to nearby providers	C6	
	Location of provider	Location of provider	C8	
	Method of transportation to provider	Method of transportation to provider	C1B	

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
<b>Section C: Child Care: Types and Hours</b>	Person responsible for taking child to provider	Person responsible for taking child to provider	C1C	
	Any language difficulty speaking with provider	Any language difficulty speaking with provider	C11	
	Provider offers single type of activity	Provider offers single type of activity	C8_3	
	N/A	Nature of the single type of activity provider offers	C8_3a	New item added to provide additional clarifying information about respondent reports of single activity care (this is an important detail required to classify different types of center-based care).
	Provider offers care on a drop-in basis	Provider offers care on a drop-in basis	C8_4	
	Provider regularly cares for child (at least 5 hours each week)	Provider regularly cares for child (at least 5 hours each week)	C9	
	Age of child when provider began caring for them	Age of child when provider began caring for them	C5F	
	N/A	Emlen Scale - 3-item scale of parent reported child care quality	HH10_Q4a	Added widely used 3-item scale of parent reported child care quality developed by Art Emlen. Asked for all non-parental care arrangements for all children under age 72 months.
	N/A	One thing respondent would change about provider to	HH10_Q5	Added a new parent-reported child care quality-related item

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
Section C: Child Care: Types and Hours		better meet child's needs		asking about features of current child care provider that respondent would change to better meet child's needs. Asked for all non-parental care arrangements for all children under age 72 months.
	Child enrolled in kindergarten	Child enrolled in kindergarten	C8C	
	Child enrolled in Head Start or Public PreK	Child enrolled in Head Start or Public PreK	C8_2	
	Provider is a school	Provider is a school	C8A	
	Hours of the regular school day	Hours of the regular school day	C8_1	
	N/A	In last 12 months, has child been told to take a break or leave care	HH21_1	Added two items on children's experiences with discipline in the form of a required break (suspension) or refusal/end of care (expulsion) and reasons given for the disciplinary action. Item to record age of child at time of disciplinary action also added.
	N/A	Primary reason given for why child needed to take a break or leave care	HH21_2	
	N/A	Age of child when they were told to take break or leave care	HH21_3	
	Perception of specific types of care: nurturing environment	Dropped	N/A	Removed in-depth items about perception of how four different types of child care rate along six different features of child care.
	Perception of specific types of care: child prepared for school	Dropped	N/A	
	Perception of specific types of care: child taught to get along with others	Dropped	N/A	
	Perception of specific types of care: safe environment	Dropped	N/A	

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
<b>Section C: Child Care: Types and Hours</b>	Perception of specific types of care: affordable care	Dropped	N/A	
	Perception of specific types of care: flexibility for parent	Dropped	N/A	
	N/A	Preferred type of child care if all types were free and in a convenient location	HH10_Q8	New item added to ask about ideal/preferred type of child care for a focal child (including all types of parental and non-parental care).
	N/A	Difficulty finding the type of child care they wanted	HH10_Q9	New item added to ask about the level of difficulty experienced in finding the type of child care the parent wanted/wants for their child.
	N/A	One thing respondent would change about current child care situation overall (other than cost) to better meet family's needs.	HH10_Q11b	New item added about what family would change in its child care situation to better meet family needs.
<b>Section D: Respondent and spouse employment schedules</b>	Respondent/spouse/relevant Household Member (HHM) worked for pay last week	Respondent/spouse/relevant HHM worked for pay last week	D1A	
	Respondent/spouse/relevant HHM attended high school or college last week	Respondent/spouse/relevant HHM attended high school or college last week	D1B	

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
<b>Section D: Respondent and spouse employment schedules</b>	Respondent/spouse/relevant HHM attended courses or training programs last week	Respondent/spouse/relevant HHM attended courses or training programs last week	D1C	
	Detailed schedule of work/school/training for each respondent/spouse/relevant HHM last week	Detailed schedule of work/school/training for each respondent/spouse/relevant HHM last week	D1D	
	Reconciliation of adult and child calendar to identify gaps in child care	Reconciliation of adult and child calendar to identify gaps in child care	CHK3	
	N/A	Whether respondent/spouse/partner works only at home/only outside of home/or both	WFH_1	New items added to collect additional detail about work-from-home arrangements and schedules, and about “hybrid” work arrangements where parents work both inside the home and at workplaces outside the home. Identified as a critical priority given the increased prevalence of remote work and hybrid work arrangements.
	N/A	Whether respondent/spouse/partner worked any days only at home last week	WFH_2	
	N/A	Days the respondent/spouse/partner only worked at home last week	WFH_3	
	N/A	Total number of hours respondent/spouse/partner worked from home last week	WFH_4	
	N/A	Type of child care used while respondent/spouse/partner worked from home	WFH_5	
<b>Section D:</b>	Location where relevant HHM works most hours each week	Location where relevant HHM works most hours each week	D2_1	Corresponding item added to learn more about the types of child care parents use for their children when working from home.

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
<b>Respondent and spouse employment schedules</b>	N/A	Location where relevant HHM works most hours each week when not working from home	D2_1A	
	How relevant HHM gets to work	<b>Dropped</b>	N/A	Item dropped as it duplicates information from other items about transportation and commuting.
	How long it takes relevant HHM to get to work	How long it takes relevant HHM to get to work	D2_COMMUTE	
	How far in advance does relevant HHM know their work schedule	How far in advance does relevant HHM know their work schedule	D2_2	
	Did relevant HHM work a usual schedule last week	Did relevant HHM work a usual schedule last week	D2_3	
	Occupation and industry of relevant household member	Occupation and industry of relevant household member	D2	
	Current wage of relevant household member	Current wage of relevant household member	D3D	
	Relevant household member ever worked for pay	Relevant household member ever worked for pay	D4	
	Last job held by relevant household member	Last job held by relevant household member	D5A	
	When last job was held by relevant household member	When last job was held by relevant household member	D5B	
	Hours worked each week at last job by relevant household member	Hours worked each week at last job by relevant household member	D5C	
	Wage received at last job for relevant household member	Wage received at last job for relevant household member	D5D	
<b>Section D: Respondent and</b>	Number of days last month a	Number of days last 3 months a	D9A_REVISED	Item revised to focus on

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
<b>spouse employment schedules</b>	parent worked from home for a child care related reason	parent missed work for a child care related reason*		missed work instead of work from home and timeframe changed from one month to three months to be consistent with other items in the sequence.
	Number of work days missed in the last 3 months	Dropped	N/A	Items streamlined to just maintain key items related to experiences of missing work due to child care related reasons.
	Number of work days missed because child care provider was unavailable in the last 3 months	Number of work days missed because child care provider was unavailable in the last 3 months*	D10A_REVISED	
	Number of work days missed because child was sick in the last 3 months	Dropped	N/A	
	Any wages lost by respondent/spouse/HHM for missed work	Any wages lost by respondent/spouse/HHM for missed work	D10C	
	Any wages lost by respondent/spouse/HHM for being late to work/leaving early	Dropped	N/A	
	Number of days special child care arrangements made in the last 3 months because of unavailable provider	Dropped	N/A	
	<b>Section D: Respondent and spouse employment</b>	Number of days special child care arrangements made in the last 3 months because of	Number of days special child care arrangements made in the last 3 months because of any	

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
schedules	any other reason	other reason		
	N/A	Type of special child care arrangement made	D13a	New item about how parents manage when there is an expected change to their child's usual care routine or arrangement.
	Respondent/spouse participates in flexible spending account at work	Respondent/spouse participates in flexible spending account at work	D15	
<b>Section J: Child Care Payment and Subsidy to Each Provider</b>	Any payment from parent for each child care arrangement	Any payment from parent for each child care arrangement	J1_E1	
	N/A	Whether respondent uses and pays provider varying numbers of hours per week for care	J1a_E1	New item added, parallel to new items asked in provider surveys (NSECE Center-based Survey and Home-based Survey), about use of flexible care and flexible scheduling and payment practices.
	Amount parent pays for each child care arrangement	Amount parent pays for each child care arrangement	J2_E7	
	Child care provider paid for by someone/someplace else for each child care arrangement	Child care provider paid for by someone/someplace else for each child care arrangement	J3_E2	
<b>Section J: Child Care Payment and Subsidy to Each Provider</b>	Specific organizations/individuals who pay provider for each child care arrangement	Specific organizations/individuals who pay provider for each child care arrangement*	J4_E3	Clarified response option to capture a wider range of agency types that administer public child care and early education programs (including education departments) and added specific mention of child care assistance agency.

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
<b>Section J: Child Care Payment and Subsidy to Each Provider</b>	Child care arrangement is free	Child care arrangement is free	J5_E5	
	Any payments or reimbursements paid to household for care at provider	Any payments or reimbursements paid to household for care at provider	J9_E9	
	Amount of payments/reimbursements paid directly to household for care at provider	Amount of payments/reimbursements paid directly to household for care at provider	J9A_E9A	
	Identification of who makes payments/reimbursements to household	Identification of who makes payments/reimbursements to household*	J9_1	Parallel change as the one made above to item J4_E3 (the response categories are meant to be aligned between these type items, motivating the revision).
	Child care arrangement relies on sliding fee scale	Child care arrangement relies on sliding fee scale	J6_E6	The subsidy related items in this section will be fielded to more families in 2024 who may be eligible for child care subsidies. In 2019, we asked families with incomes at or below 200% of federal poverty. In 2024, we will ask to families at or below 250%.
	Amount paid to provider is a subsidy co-pay	Amount paid to provider is a subsidy co-pay	J7_E4	
	N/A	Amount paid to provider includes diaper, snacks, or other supplies fees	J7_E4_a	Items added as a parallel revision to the NSECE Center-based Survey to gather more detailed information about how families supported by

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
	N/A	Amount paid to provider includes any fees in addition to co-pays	J7_E4_c	child care subsidies make payments for their child's care with providers, including the types of fees and payments that are paid/collected.
	Proof of employment, in school, or in training required to enroll child in provider	Proof of employment, in school, or in training required to enroll child in provider	J8A_E2A	
	Any assistance from a child subsidy program to pay provider for care.	Any assistance from a child subsidy program to pay provider for care.	J8B_E2B	
	Payment info for provider includes other children	Payment info for provider includes other children	J11	
	Identification of other children included in provider payment information	Identification of other children included in provider payment information	J11_OTHCHLDRN	
<b>Section F: Non-parental Child Care Search</b>	Date when respondent last searched for child care for selected child	Date when respondent last searched for child care for selected child	F2	
	Last search included child care search for another child at same time	Last search included child care search for another child at same time	F2A	
	Main reason respondent initiated search for child care	Main reason respondent initiated search for child care	F3	
	Type of child care mostly used at time of last child care search	Type of child care mostly used at time of last child care search	F4	
	Importance of different aspects of non-parental care for selected child: Nurturing environment; educational preparedness; social	Dropped	N/A	Removed lengthy set of questions asked in prior NSECE surveys on parent child care preferences. New items added in Section C related to parent

2019 Category	2019 Construct	2024 Construct	First item of 2024 construct	Key changes from 2019 to 2024
