**TITLE OF INFORMATION COLLECTION:** National Center on Afterschool and Summer Enrichment (NCASE) Technical Assistance Follow-up Survey

**PURPOSE AND USE:** The National Center on Afterschool and Summer Enrichment (NCASE), funded by the Office of Child Care, hosts a variety of Technical Assistance (TA) opportunities. The purpose of the survey is to help the project leadership team and the Office of Child Care to gather feedback to better understand how NCASE has influenced participants in TA opportunities. NCASE plans to administer the TA Follow-up Survey in fall 2024.

The first goal of the survey is to understand if participants of NCASE TA activities feel that the opportunities have met the following goals of these TA opportunities:

- Increased awareness/knowledge of school-age child care issues
- How NCASE made a difference in their work, such as changes in workforce development supports, quality assessment systems, or social emotional learning support
- Collaboration/partnerships within participants’ states
- Awareness of what other states are doing

The second goal of the survey is to measure engagement with NCASE activities and resources, such as TA webinars, the Resource Library, and key resources (toolkits and state data profiles) and the relevance and quality of these offerings.

**DESCRIPTION OF RESPONDENTS:** Participants include those who have participated in NCASE TA activities, including Child Care and Development Fund (CCDF) lead agency staff and state-level Out-of-school-Time (OST) leaders.
