TITLE OF INFORMATION COLLECTION: Correctional Officer Stressors and Suicide Feasibility Study

PURPOSE: The purpose of this request is to examine the availability and quality of information related to correctional officer stress and suicide maintained by state, federal, local, and private correctional agencies. We will investigate how correctional agencies manage and track such information, what data elements are available from their information systems, and the presence of technical and confidentiality issues that may affect their ability to provide such data to BJS.

DESCRIPTION OF RESPONDENTS:

Correctional officials from 24 state departments of correction, the Federal Bureau of Prisons, 13 local jail jurisdictions, and 2 private correctional operators.

1. Is personally identifiable information (PII) collected? Yes No
2. If Yes, will any information that is collected be included in records that are subject to the Privacy Act of 1974? Yes No
3. If Yes, has an up-to-date System of Records Notice (SORN) been published? Yes No

Note: for any privacy related questions regarding your collection, please contact your component’s Senior Component Official for Privacy or the Office of Privacy and Civil Liberties.

Gifts or Payments:

Is an incentive (e.g., money or reimbursement of expenses, token of appreciation) provided to participants? [] Yes [X] No

If answering yes, you will also need to describe the incentive and provide a justification for the amount.

BURDEN HOURS:

In the provided table, list the following information in each row for the type or respondent for the collection and provide total figures at the bottom for the number of respondents, participation time, and burden.

- Category of respondent – Provide the type or category of individual who will respond to your collection from the following list:
 - Individuals or Household
 - Private Sector
 - State, Local, or Tribal Governments
 - Federal Government
- Number of Respondents – Estimate of the total number of respondents by type/category.
- Participation Time – Estimate of the total amount of time (in minutes) required for participation in a collection by type/category of respondents (e.g. fill out a survey or participate in a focus group).
- Burden – Estimate of the annual burden hours by type/category or respondents.
 - To determine this estimate, multiply the number of respondents by the participation time and divide that figure by 60.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?

Yes No

If the answer is yes, please provide a description of both below (or attach the sampling plan)? If the answer is no, please provide a description of how you plan to identify your potential group of respondents and how you will select them?

BJIS will select a convenience sample of 80 correctional administrators with a target of completing 40 interviews. We will rely on a roster of prison administrators to identify respondents from state departments of correction and the Federal Bureau of Prisons; the Census of Jails (1121-0100) to select participants from local jail jurisdictions; and the Census of Correctional Facilities (1121-0147) to identify administrators at private correctional agencies.
