Text for questions to assess the feasibility of obtaining sworn personnel contact information of potential future research (will only be on the web instrument, and only displayed after online submission of the 2024 LEMAS survey)

BJS is looking into the feasibility of conducting surveys of individual sworn personnel. Such a survey would likely require collecting a full or partial list of sworn personnel, including contact and demographic information, from agencies. Please note, although the research would involve responses from individual sworn personnel, the identity of respondents would be kept completely confidential, and all results would be reported in aggregate form only (as BJS reported on a prior survey of school resource officers, see <https://bjs.ojp.gov/document/sro1920.pdf>).

1. Would your agency be willing to submit a list of sworn personnel as part of a future BJS data collection effort?

- No (if No, please indicate why _____) **STOP HERE**
- Yes

If yes:

2. Please indicate which information your agency would be willing to provide on the list of sworn personnel. (Mark one for each row)

List including:	For all sworn	For some sworn*	Will not provide
Contact information			
Rank			
Sex			
Race and ethnicity			

* A specific subset of sworn personnel, such as only school resource officers or first-line supervisors

3. What would be the best way for BJS to administer surveys to individual sworn personnel?

- BJS contacts sworn personnel directly
- BJS works with an agency point of contact to provide the survey (paper or web link) to sworn personnel
- No agency preference
- Other (please indicate _____)

Text for questions to assess the feasibility of obtaining sworn personnel contact information of potential future research (will only be on the web instrument, and only displayed after online submission of the 2024 LEMAS survey)

BJS is looking into the feasibility of conducting surveys of individual sworn personnel. Such a survey would likely require collecting a full or partial list of sworn personnel, including contact and demographic information, from agencies. Please note, although the research would involve responses from individual sworn personnel, the identity of respondents would be kept completely confidential, and all results would be reported in aggregate form only (as BJS reported on a prior survey of school resource officers, see <https://bjs.ojp.gov/document/sro1920.pdf>).

1. Would your agency be willing to submit a list of sworn personnel as part of a future BJS data collection effort?

- No (if No, please indicate why _____) **STOP HERE**
- Yes

If yes:

2. Please indicate which information your agency would be willing to provide on the list of sworn personnel. (Mark one for each row)

List including:	For all sworn	For some sworn*	Will not provide
Contact information			
Rank			
Sex			
Race and ethnicity			

* A specific subset of sworn personnel, such as only school resource officers or first-line supervisors

3. What would be the best way for BJS to administer surveys to individual sworn personnel?

- BJS contacts sworn personnel directly
- BJS works with an agency point of contact to provide the survey (paper or web link) to sworn personnel
- No agency preference

CRIME VICTIMS WITH DISABILITIES AWARENESS

Pub. L. 105-301, Oct. 27, 1998, 112 Stat. 2838 , as amended by Pub. L. 106-402, title IV, §401(b)(10), Oct. 30, 2000, 114 Stat. 1739 , provided that:

"SECTION 1. SHORT TITLE.

"This Act may be cited as the 'Crime Victims With Disabilities Awareness Act'.

"SEC. 2. FINDINGS; PURPOSES.

"(a) FINDINGS.-Congress finds that-

"(1) although research conducted abroad demonstrates that individuals with developmental disabilities are at a 4 to 10 times higher risk of becoming crime victims than those without disabilities, there have been no significant studies on this subject conducted in the United States;

"(2) in fact, the National Crime Victim's Survey, conducted annually by the Bureau of Justice Statistics of the Department of Justice, does not specifically collect data relating to crimes against individuals with developmental disabilities;

"(3) studies in Canada, Australia, and Great Britain consistently show that victims with developmental disabilities suffer repeated victimization because so few of the crimes against them are reported, and even when they are, there is sometimes a reluctance by police, prosecutors, and judges to rely on the testimony of a disabled individual, making individuals with developmental disabilities a target for criminal predators;

"(4) research in the United States needs to be done to-

"(A) understand the nature and extent of crimes against individuals with developmental disabilities;

"(B) describe the manner in which the justice system responds to crimes against individuals with developmental disabilities; and

"(C) identify programs, policies, or laws that hold promises for making the justice system more responsive to crimes against individuals with developmental disabilities; and

"(5) the National Academy of Science Committee on Law and Justice of the National Research Council is a premier research institution with unique experience in developing seminal, multidisciplinary studies to establish a strong research base from which to make public policy.

"(b) PURPOSES.-The purposes of this Act are-

"(1) to increase public awareness of the plight of victims of crime who are individuals with developmental disabilities;

"(2) to collect data to measure the extent of the problem of crimes against individuals with developmental disabilities; and

"(3) to develop a basis to find new strategies to address the safety and justice needs of victims of crime who are individuals with developmental disabilities.

"SEC. 3. DEFINITION OF DEVELOPMENTAL DISABILITY.

"In this Act, the term 'developmental disability' has the meaning given the term in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 [42 U.S.C. 15002].

"SEC. 4. STUDY.

"(a) IN GENERAL.-The Attorney General shall conduct a study to increase knowledge and information about crimes against individuals with developmental disabilities that will be useful in developing new strategies to reduce the incidence of crimes against those individuals.

"(b) ISSUES ADDRESSED.-The study conducted under this section shall address such issues as-

"(1) the nature and extent of crimes against individuals with developmental disabilities;

"(2) the risk factors associated with victimization of individuals with developmental disabilities;

"(3) the manner in which the justice system responds to crimes against individuals with developmental disabilities; and

"(4) the means by which States may establish and maintain a centralized computer database on the incidence of crimes against individuals with disabilities within a State.

"(c) NATIONAL ACADEMY OF SCIENCES.-In carrying out this section, the Attorney General shall consider contracting with the Committee on Law and Justice of the National Research Council of the National Academy of Sciences to provide research for the study conducted under this section.

"(d) REPORT.-Not later than 18 months after the date of enactment of this Act [Oct. 27, 1998], the Attorney General shall submit to the Committees on the Judiciary of the Senate and the House of Representatives a report describing the results of the study conducted under this section.

"SEC. 5. NATIONAL CRIME VICTIM'S SURVEY.

"Not later than 2 years after the date of enactment of this Act, as part of each National Crime Victim's Survey, the Attorney General shall include statistics relating to-

"(1) the nature of crimes against individuals with developmental disabilities; and

"(2) the specific characteristics of the victims of those crimes."

Abstract: The LEMAS core survey, conducted every 3 to 4 years since 1987, is currently based on a nationally representative sample of approximately 3,500 general-purpose law enforcement agencies (LEAs). The 2024 LEMAS has been revised to remove questions to help reduce burden and increase clarity. The LEMAS survey has been used to produce national estimates for a wide range of topics, including LEA responsibilities, operating expenditures, job functions of sworn and civilian employees, officer salaries and special pay, demographic characteristics of officers, weapons policies, education and training requirements, special units, and community policing activities. BJS plans to publish this information in reports and reference it when responding to queries from the U.S. Congress, Executive Office of the President, the U.S. Supreme Court, state officials, international organizations, researchers, students, the media, and others interested in criminal justice statistics.

Dear «TITLE» «NAME»:

I am writing to invite the <<AGENCY NAME>> to participate in the 2024 Law Enforcement Management and Administrative Statistics (LEMAS) survey from the Bureau of Justice Statistics (BJS).

BJS is the principal federal statistical agency in the Department of Justice and the official source for criminal justice statistics in the United States. Our mission is to collect, analyze, publish, and disseminate criminal justice data. BJS is authorized to conduct this data collection under 34 U.S.C. § 10132. BJS will use the data collected in LEMAS only for research and statistical purposes, as described in 34 U.S.C. § 10134. More information about the various authorities that govern BJS data is available in the [BJS Data Protection Guidelines](#) on the BJS website.

The LEMAS survey asks law enforcement agencies about various topics, including personnel, policies, and available resources to agencies. Results from the LEMAS survey provide agencies, policymakers, and the public with baseline national estimates to inform discussions about law enforcement. BJS has conducted the LEMAS survey since 1987. Prior publications can be found on the BJS website, <https://bjs.ojp.gov/data-collection/law-enforcement-management-and-administrative-statistics-lemas>. The LEMAS is an important part of BJS's Law Enforcement Core Statistics (LECS) program, which coordinates several law enforcement agency surveys conducted by BJS.

To complete your survey, go to <https://bjslecs.org/lemas>. The survey website is managed by RTI International serving as BJS's data collection partner. Your agency's log-in information is:

Dear <<Title>> <Name>>:

The Bureau of Justice Statistics (BJS), working with RTI International, is fielding the 2024 Law Enforcement Management and Administrative Statistics (LEMAS) survey. Conducted periodically since 1987, the LEMAS is the only survey of general purpose law enforcement agencies that gathers nationally representative information on key agency characteristics in the U.S.

Recognizing the importance of this work, the nation's law enforcement community as represented by the International Association of Chiefs of Police (IACP) is conducting LEMAS along with BJS and RTI. In this role, we provide our full support of the LEMAS. IACP recognizes the importance of this national data collection and encourage their members and other law enforcement agency professionals to participate.

Your participation will help ensure that the 2024 LEMAS is a success and that the results can be used by law enforcement, policy-makers, and researchers with confidence. We know that your staff have many responsibilities and limited time, but we hope that you will provide the requested information and contribute to this effort. No other data collection provides such a complete accounting of the functions and personnel of law enforcement agencies throughout the country.

We thank you in advance for your participation in this important study.

Sincerely,

2024 Law Enforcement Management and Administrative Statistics (LEMAS) Core Survey

FAQs

Conducted by:
Bureau of Justice Statistics, U.S. Department of Justice
RTI International
International Association of Chiefs of Police

The Law Enforcement Management and Administrative Statistics (LEMAS) core is a survey conducted by the Bureau of Justice Statistics, approximately every four years. It is presently the most systematic and comprehensive source of national data on law enforcement. Approximately 3,500 local, county, and state general purpose agencies are randomly selected to participate in this survey. The next LEMAS core will begin administration in early 2025. The following presents some frequently asked questions we obtain from law enforcement agencies on the LEMAS.

LEMAS

What information does the LEMAS core survey collect?

The LEMAS core collects important information on personnel, expenditures and pay, hiring and retention, equipment and operations, technology, and policies and procedures. This information is used to create national estimates for all law enforcement agencies in the United States.

Why is the LEMAS important?

The LEMAS is the only survey of general purpose law enforcement agencies that gathers nationally representative information about agencies on key factors like personnel, policies, and agency activities and trends over time. LEMAS data are widely used by researchers, policy makers, and law enforcement agencies to understand law enforcement at local, county, state, and national levels.

What is the difference between the LEMAS core and LEMAS supplement?

The LEMAS uses a core + topical supplement model. The LEMAS core focuses on long-term issues in policing, including staffing, strategies and tactics, and organizational structure. The LEMAS core is administered every four years. The LEMAS supplements change over time cover a specific issue in law enforcement. The most recent LEMAS supplement was the 2023 LEMAS Post-Academy Training and Officer Wellness survey.

The LEMAS core and supplements are critically important to understanding characteristics, policies, and procedures of law enforcement agencies across the country. If invited, you should complete the LEMAS core and LEMAS supplements.

What will I be asked to do?

The chief executive will be asked to designate a staff member to complete the survey (i.e., point of contact). The agency point of contact will be given information on how to access the online survey (or request a paper survey if desired). From BJS - LEMAS draft reminder

Subject: Request to participate in 2024 LEMAS survey

Hello <<AgencyHeadTitle>> <<AgencyHeadName>>,

My name is Sean Goodison and I'm a Bureau of Justice Statistics (BJS) statistician. BJS is the principal federal statistical agency in the Department of Justice and the official source for criminal justice statistics in the United States.

I'm writing to you again about BJS's Law Enforcement Management and Administrative Statistics (LEMAS) survey.

LEMAS provides a national snapshot of law enforcement staffing, policies, and practices. We've collected LEMAS data since 1987. To give you an idea of what we do with these data, you can see examples of publications using LEMAS data on the BJS website [here](#) along with past survey versions [here](#).

Your agency was selected to participate in the current LEMAS survey. We are working with RTI International and the International Association of Chiefs of Police to help collect data. You may have heard from one or both partners. On behalf of BJS, I'd like to encourage your agency's completion of the LEMAS survey.

The LEMAS survey is an opportunity for <<AgencyTypeNarr>> <<size>> to be represented in national statistics. Participation helps improve data quality. We need high-quality data to produce reports useful to all law enforcement and other stakeholders.

You may access the current survey questionnaire online by visiting <https://bjslecs.org/LEMAS> and then entering the following information specific to your agency:

Username: <<AgencyID>>

Password: <<Password>>

Alternatively, let me know if you prefer submitting responses by mail. We can send a paper version of the questionnaire to you with a no-cost, business reply envelope.

We'd appreciate your survey completion as soon as possible. I understand that all survey requests, including this one, require time and effort to complete. But LEMAS is the only federally-supported national collection of these data. We report findings directly to the public and to law enforcement. We want as many selected agencies as possible submitting before we must close the collection process.

BJS is authorized to conduct this data collection under 34 U.S.C. § 10132. BJS will use the data collected in LEMAS only for research and statistical purposes, as described in 34 U.S.C. § 10134. More information about the various authorities that govern BJS data is available in the [BJS Data Protection Guidelines](#) on the BJS website. Please feel free to contact me if you have any questions or if I can assist you in completing the survey.

Thank you for serving our communities daily. I hope you can help BJS serve the public by collecting these important law enforcement data.

Sincerely,

Sean Goodison, PhD

Dear [AgencyHeadTitle] [Agency Head]:

On behalf of the Bureau of Justice Statistics (BJS), RTI International is collecting data for the 2024 Law Enforcement Management and Administrative Statistics (LEMAS) survey. [AgencyName] has been invited to participate, but we have yet to receive a response.

BJS is the principal federal statistical agency in the Department of Justice and the official source for criminal justice statistics in the United States. Our mission is to collect, analyze, publish, and disseminate criminal justice data. BJS uses the data collected in LEMAS only for research and statistical purposes, as described in U.S. Code Title 34, §10134. The 2024 LEMAS survey provides an opportunity for your agency to be represented. Developing and maintaining accurate data helps law enforcement agencies, policy makers, and researchers to better understand and respond to agency needs.

There is limited time for your agency to participate in this important national study. The original due date was <<DATE>>. I understand that your agency is busy, and I genuinely appreciate your attention to this survey request.

You may still access the questionnaire online at <https://bjslecs.org/LEMAS> and then enter your agency's log-in information:

User Name: <<AgencyID>>

Password: <<PIN>>

Alternatively, you can submit a paper survey by using the enclosed questionnaire and business reply envelope. Please feel free to share the questionnaire with others at your agency who can assist you in providing the requested information.

If you have questions, please contact the RTI International data collection team at 833-997-2719 or lemas@rti.org. If you have general comments about LEMAS, please contact me at 202-307-0765 or Sean.Goodison@usdoj.gov.

Dear (SurveyContactTitle) (Name):

The <<PARTNER AGENCY>> encourages you to participate in the 2024 Law Enforcement Management and Administrative Statistics (LEMAS) survey. Conducted by the Bureau of Justice Statistics (BJS) since 1987, the LEMAS is the only national survey that collects data on agency staffing, policies, and operations.

BJS, in conjunction with RTI International and the International Association of Chiefs of Police, invited approximately 3,500 local, county, and state law enforcement agencies to participate in the 2024 LEMAS in January 2025. A few days ago, BJS sent a follow-up letter and copy of the questionnaire to you.

The <<PARTNER AGENCY>> strongly encourages you to participate in the 2024 LEMAS.

This survey provides an important opportunity for your agency to help frame national, state, and local discussions about the functions, policies, and practices of law enforcement agencies. Your participation will help to ensure that LEMAS results reflect agencies of all sizes and types. I know your staff have many responsibilities and limited time, but I hope you will provide the requested information and contribute to this effort.

I thank you in advance for your participation in this important study. If you require any assistance with this survey, please reach out to the RTI data collection team at LEMAS@rti.org or 833-997-2719

Sincerely,
