[Next](#)

In response to public comment, and in parity with the proposed Form G-639, we are making the nature of requests more clear while adding "other" as an option. Responses here will determine the presence of other fields and screens. For example, when a user selects "I am requesting information about someone who is deceased," we will not ask them to provide the subject of record's contact information on page nine of these example screens.

Made the following text change:
"If you are requesting information **or amendment or correction of records** about a subject of record with whom you have no relationship:"

Making a request on behalf of a child or a minor will add additional fields below to be completed by a parent or guardian requestor. Otherwise, this section will not be shown.
