

Prison Education Program Application and E-App Merger

The process in place since July 1, 2024, for reporting Prison Education Programs (PEPs) requires schools to complete both the *Prison Education Program Application* (OMB Control Number 1845-0171) and the *Application for Approval to Participate in the Federal Student Financial Aid Programs (E-App)* (OMB Control Number 1845-0012). This is communicated in the instructions at the end of the *Prison Education Program Application* which state “In addition to this Prison Education Program Application, The E-App must be completed and submitted.”

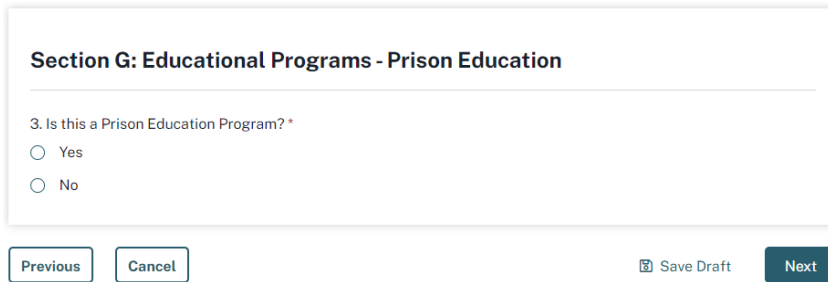

The change we are requesting is to merge the *Prison Education Program Application* questions into the *E-App*. The result will be the elimination of the need for schools to complete two separate applications.

The PEP questions will conditionally display in the Locations and Educational Programs sections of the *E-App*.

The screenshot shows the 'Eligibility Application' form. On the left is a progress bar with 13 items, each with a green checkmark except for 'Locations & Educational Programs' which has a blue circle with the number 5. The items are: Reason for Submitting, General Information, Accreditation & State Authorization, Owners, Officials & Administrators, Locations & Educational Programs, Locations, Educational Programs, Additional Factors & Details, Third-Party Servicer, Ability to Benefit, Administrative Capability, Title IV Programs, Additional Contacts & Information, Upload Documents, and Submit eApp. On the right is a form with fields for 'Sec', 'Main', 'Institu', 'Visi', 'OPEIL', '039', 'Partn', '890', '1', 'Addre', 'Cou', 'Ur', 'Busi', '20', 'Busi', 'En', 'City', 'Mi', 'Stat', and 'Te'.

Prison Education Program Application and E-App Merger

To accomplish the merger of the application questions, we will add a single new question that doesn't currently appear on either application.

Section G: Educational Programs - Prison Education

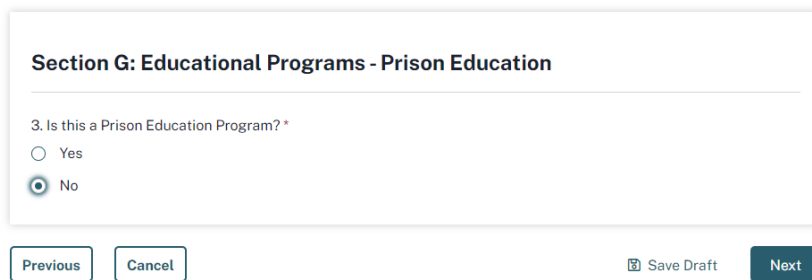

3. Is this a Prison Education Program? *

Yes

No

Previous Cancel Save Draft Next

For schools completing the *E-App* who are **not reporting a PEP**, the burden increase will be select no to the new question for each new educational program being added to their application:

For schools completing the *E-App* to **report a PEP**, the questions from the *Prison Education Program Application* will appear in the *E-App*, eliminating the need to complete the *Prison Education Program Application* and attach it to the *E-App*. This will reduce the burden on schools as they will be using a format they are familiar with, their demographic and contact information will be pre-populated, and they will not need to save and upload a separate application.

The PEP questions will display conditionally as follows.

Under the locations section, when entering the correctional facility currently, they answer the following existing question, then provide additional details about the facility on the separate *Prison Education Program Application*. With the merger of the two applications, when they answer this current *E-App* question affirmatively:

Finally, prior to submitting the application, the *E-App* will clearly identify for the school all the required attachments which they will upload through the *E-App* (these are the same attachments required with the current *Prison Education Program Application*, but which are uploaded through yet a third system – the Common Origination and Disbursement (COD) system):
