PRIVATE SCHOOL SURVEY

2025-26 SCHOOL YEAR

Please note:

The 2025-26 Private School Survey is intended to include all -

► **Private schools that teach ANY of the following -**

- At least one grade from 1 to 12
- Ungraded students from 5 to 18 years old
- Kindergarten - traditional year of school primarily for 5-year-olds prior to first grade
- Transitional (or readiness) kindergarten - extra year of school for kindergarten-age children who are judged not ready for kindergarten
- Transitional first (or prefirst) grade - extra year of school for children who have attended kindergarten but have been judged not ready for first grade

► **Private early childhood programs and day care centers that have ANY of the following -**

- Kindergarten
- Transitional (or readiness) kindergarten
- Transitional first (or prefirst) grade

For example:

An early childhood center that has a nursery school, a prekindergarten program, and a kindergarten would be eligible for this survey, since it includes a kindergarten.

(06/25/2024) Draft

OMB No. 1850-0641: Approval Expires 06/30/2027

DEAR ADMINISTRATOR:

The National Center for Education Statistics (NCES) of the U.S. Department of Education requests your participation in the 2025-26 Private School Survey, a national data collection valuable to private schools across the country. The National Center for Education Statistics (NCES), within the U.S. Department of Education, is authorized to conduct this survey by the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543).

WHY IS MY SCHOOL'S RESPONSE IMPORTANT?

Private education is a critical part of the U.S. education system. Without accurate information about the nation's private schools, policy makers have an incomplete picture of education more broadly and cannot make effective decisions on a range of important issues including those around the topic of school choice. A response to this survey ensures that YOUR school is represented in key data and reports produced by the National Center for Education Statistics about private education and school choice. The National Center for Education Statistics is the primary source of statistical information on education for the country. Your school's response is needed to provide a complete picture of U.S. educational institutions.

HOW DOES THIS HELP MY SCHOOL?

The Private School Survey is used to generate an NCES ID number for your school which many private and federal grants require as part of their application process. NCES also uses the survey to update the private school search tool on our web site: <https://nces.ed.gov/surveys/pss/privateschoolsearch/>. This resource is used by parents looking to find a private school for their children. Importantly, your response to this survey ensures that your school's voice will be heard in policy decisions.

WHAT ARE RESULTS FROM PREVIOUS SURVEYS?

NCES produces summaries of the data that help parents, educators and policy makers understand the current state of education in the United States. For example, results from previous Private School Surveys show that approximately 23 percent of all elementary and secondary schools in the United States are private institutions; these schools enroll approximately 8 percent of the nation's children and employ 13 percent of the nation's teachers. In addition to the reports that NCES produces, researchers use the data in their own studies of private schools and policy makers use the data to inform decisions.

WHAT HAPPENS IF I DO NOT RESPOND?

There is no penalty for not responding. However, if you do not respond, your school, teachers, and the students you serve will be missing from the education picture. A high response rate is very important to make sure the data represent the private education sector accurately. Accurate representation of the private education sector is critical to the design and interpretation of education research for governmental, university based, and private research. The Private School Survey is used to generate an NCES ID number for your school which many private and federal grants require as part of their application process. Your response to this survey ensures your school retains this NCES ID and is listed on the NCES site. We encourage you to participate in this voluntary survey.

WHERE SHOULD YOU MAIL YOUR COMPLETED QUESTIONNAIRE?

Please return your completed questionnaire using the enclosed envelope. If you do not have the return envelope, please mail your questionnaire to:
