6	Please enter the number of contracts and grants awarded during this reporting period, which are subject to the Davis-Bacon Act.
7	Enter the total dollar amount of contracts and grants awarded during this reporting period, which are subject to the Davis-Bacon Act.
8	Enter the total number of contractors and subcontractors against whom complaints were received by your office. Count only complaints filed with your office against contractors performing work on all covered contracts.
9	Enter the total number of investigations completed by your office during this reporting period. An "investigation" is "any corrective action taken to enforce the provisions of Davis-Bacon Act/Contract Work Hours and Safety Standards Act for covered employees." A contractor should track receipt of payrolls, review payrolls, interviews performed, and site visits - all of these activities are not part of an investigation until someone is not properly paid or it appears someone has not been properly paid. Your actions taken to resolve that problem become an investigation - even if it is resolved by determining that your initial thought of violation is not true (the worker was classified properly, etc.). Note: for every complaint received, there must be an investigation to resolve it.
