

### ICR Summary Information

Hours per Response	52
Number of Respondents	36
Total Estimated Burden Hours	3,730
Total Estimated Costs	\$462,000
Annualized Capital O&M	\$127,000
Total Annual Responses	72
Form Number	Not Applicable

**Table 1a: Annual Respondent Burden and Cost for Privately-Owned Incinerators – NSI**

Burden Item	(A) Technical person-hours per occurrence	(B) No. of occurrences per respondent per year	(C) Technical person-hours per respondent per year (C=AxB)
1. Applications	N/A		
2. Survey and Studies	N/A		
3. Reporting Requirements

<b>Total Capital and O&amp;M Cost (rounded) <sup>h</sup></b>			
<b>GRAND TOTAL (rounded) <sup>h</sup></b>			

**Assumptions:**

<sup>a</sup> We estimate that an average of 36 existing respondents per year will be subject to the rule, and that no new, m three-year period of this ICR. We estimate 20 (55.5 percent) respondents are privately owned and 16 (44.4 perce

- <sup>b</sup> This ICR uses the following labor rates: Managerial \$157.61 (\$75.05 + 110%); Technical \$123.94 (\$59.02 + 110%). Source: U.S. States Department of Labor, Bureau of Labor Statistics, September 2021, “Table 2. Civilian Workers, by occupation, by sex, race, and hispanic or latino ethnicity, by compensation.” The rates have been increased by 110 percent to account for varying industry wage rates and benefits, including business expenses associated with hiring, training, and equipping their employees.
- <sup>c</sup> We assume that all sources will have to familiarize themselves with regulatory requirements each year.
- <sup>d</sup> We assume this is a one-time-only cost.
- <sup>e</sup> We assume it takes 60 technical hours for pretests/test preparation, 60 technical hours for testing, and 80 technical hours for recordkeeping.
- <sup>f</sup> This rule does not require semiannual reporting, just recordkeeping.
- <sup>g</sup> We assume it will take 0.25 hours per day over 350 days per year to record daily charging rates.
- <sup>h</sup> Totals have been rounded to 3 significant figures. Figures may not add exactly due to rounding.

Audit and review facility records <sup>g</sup>	6	1	6	4
<b>TOTAL (rounded) <sup>h</sup></b>				

**Assumptions:**

<sup>a</sup> We estimate that an average of 36 existing respondents per year will be subject to the rule, and that no new, modified, or reconstructed facilities will be subject to the rule during the period of this ICR. We estimate 21 (58.6 percent) respondents are privately owned and 16 (43.2 percent) are publicly owned.

<sup>b</sup> This cost is based on the average hourly labor rate as follows: Managerial \$70.56 (GS-13, Step 5, \$44.10 + 60%); Technical assumes that Managerial hours are 5 percent of Technical hours, and Clerical hours are 10 percent of Technical hours. These rates are based on the local cost of labor in the region of the facility, rates of pay. The rates have been increased by 60 percent to account for the benefit packages available to government employees.

<sup>c</sup> We assume there will be no new, modified, or reconstructed facilities constructed over the next three years.

<sup>d</sup> We assume this is a one-time-only cost.

<sup>e</sup> This rule does not require semiannual or annual reporting, only recordkeeping.

<sup>f</sup> We assume it will take eight hours to review test results.

<sup>g</sup> Assumes EPA will audit records for approximately 10% of facilities.

<sup>h</sup> Totals have been rounded to 3 significant figures. Figures may not add exactly due to rounding.
