## Appendix I Grantee Process Evaluation Survey

## Older Adults Home Modification Program Grantee Process Evaluation Survey<sup>1</sup>

Survey #		Field	Today's Date	Form Completed By:				
Survey #	Site ID	Team ID	(mm/dd/yyyy)	Name	Job Title	Organization		
☐ Year 1					(dropdown menu:			
☐ Year 2					project manager, program manager,			
☐ Year 3					other [Specify])			

OMB Control No. 2528-0335, expiration date 5/31/2025. This form is designed to provide HUD with information about how effective its Older Adults Home Modification Grant Program is. Your participation in the Evaluation as a grantee is mandatory as a condition of the grant. The Public reporting burden for your collection of information is estimated to be 4 hours per response. HUD may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

Thank you for your work to-date supporting older adults in your community through HUD's Older Adults Home Modification (OAHM) Program. HUD contracted Healthy Housing Solutions to ask you and the other OAHMP grantees to share information about the status of your OAHM Program and what has helped or impeded your progress. The lessons you have learned and your insights will help HUD make the program more efficient and effective. At the midpoint and end of the Evaluation, we will provide HUD a summary of all grantees' process evaluation feedback, but will not identify any specific grantee organization or staff person by name. HUD staff will not have access to your survey responses.

We estimate this online survey may take up to one hour for you to complete. You may need additional time if you review these questions in advance to coordinate with staff members and gather materials you need to respond to the survey. Although not required, it will also help us greatly if you provide any additional information or supporting materials (such as field guides, program histories). You may upload them directly or email them as an attachment to [insert SC name] at [insert SC email address].

Please contact your Site Coordinator or any of the team listed below if you have any questions. Thank you in advance for your time.

Noreen Beatley, Project Manager, Healthy Housing Solutions, <u>nbeatley@healthyhousingsolutions.com</u> Amanda Reddy, Project Director and Principal Investigator, Healthy Housing Solutions

areddy@healthyhousingsolutions.com

<sup>&</sup>lt;sup>1</sup> Code for this document: Black font=Question asked of the grantee; *Blue italics* = Instruction for the grantee; *yellow highlighted italics*: Instruction for REDCap programmer.

1. I applied for the HUD OAHM Program grant to (check all that apply) (Year 1 only): ☐ Fill a funding gap ☐ Meet a strategic goal for our organization ☐ Expand our existing program ☐ Meet a need in our community  $\square$  Increase the number of older adults our organization is able to serve. ☐ Another reason not mentioned above. Describe: **2.** (Year 1 only) One of the reasons your organization was awarded this grant was because of your prior experience providing services to older adults, including home modifications. Without HUD OAHM Program funding, would you have been able to continue your older adult services program? ☐ Yes ☐ No ☐ Not sure 3. During this year of the OAHM Program, how often did your organization have home modifications it wanted to do in a home but could not? □ Always ☐ Usually ☐ Sometimes ☐ Rarely ☐ Never 3.a. (ask if 3=always, usually, or sometimes) Why couldn't your organization do these home modifications?\_\_\_\_\_ **4.** HUD's OAHM Program Notice of Funding Opportunity (NOFO) described its Program Services Model on pages 22 and 23 [Section III, F.14 through F.15]. The model has the following components: i. Initial Interview and In-Home Assessment conducted by a Licensed Occupational Therapist (OT), or a licensed OT Assistant or Certified Aging-in-Place Specialists whose work under the grant is overseen by a licensed OT. The OT will conduct the initial interview with the client and care takers (if available) in their home and assess the home for safety and hazards, including the client's fall risk, general mobility, existing adaptive equipment, and/or the client's functional abilities with ADLs and IADLs. During this in-home visit, the OT will conduct a "baseline" Evaluation health interview with clients and a home hazard visual assessment of the home using PD&R Evaluation forms. ii. Work Order by the OT, or a licensed OT Assistant or a Certified Aging-in-Place Specialist whose work under the grant is overseen by a licensed OT. (Supervision/oversight by an OT involves guidance in establishing the scope of work, work plan, and approval of any modifications to the established plan in each unit to ensure client-centered service for optimal occupational

outcomes). With the client's consent, the OT will prioritize the necessary home modifications and complete a work order and any additional specifications (e.g., placing tape on walls to indicate position of grab bars).

- iii. Home Modification Work. The work must be performed by a licensed, or in accordance with local and state regulations, contractor qualified to perform the required work.
- iv. Follow-up Assessment and Inspection. The OT will conduct an in- home follow-up assessment within one month following services, accompanied by appropriate education and training for the client in the safe and proper use of adaptive equipment. The OT will also inspect the work of the licensed contractor to ensure that it meets the requirements and complete a work order for any required adjustments before services are paid in full.

Additionally, grantees shall use the standardized PD&R OAHMP Evaluation forms and protocols to collect information before (i.e., baseline) and after the home modification intervention (i.e. six-to nine-months follow-up). At a minimum, the assessment tool(s) shall cover the functional abilities of the client and the safety and hazards in the home.

Have you made any adaptations, changes, or deviations from this Program Services Model? Examples may include the use of remotely located OTs to review OTA/CAPS work instead of hiring a local OT, the addition of other methods to determine if an older adult is eligible to have their home modified, or the use of non-OT/OTA/CAPS personnel to identify needed home modifications? (REDCap: For Survey years 2 and 3, add the phrase "Since the previous survey," to the beginning of the question.)  $\square$  Yes (Go to 4a)  $\square$  No (Go to 5) 4a. Did HUD approve these adaptations, changes, or deviations? □ (Allow this answer choice only in Year 1 survey) Yes, when you were first awarded the grant. (Go to 4b) □ (Allow this choice only in the Year 2 and Year 3 surveys) Yes, during this current survey year. (Go to 4b)  $\square$  No (Go to 5) 4b. Describe your organization's adaptations, changes, or deviations from the HUD OAHM Program Service Model and your reasons for making them. (Allow multiple rows to be added as grantee needs.) Adaptation/Change/Deviation Reason

5.	The HUD OAHM Program NOFO listed two discretionary Program components. Please check all that you utilize in your program:
	☐ Registered Nurse (RN) services ☐ Social Worker services

Expiration Date 5/31/2025  $\square$  Other (specify): **6.** (Year 1 only, allow only one to be checked) Please check the appropriate designation for the area(s) in which you are providing HUD OAHM Program services □ Urban ☐ Substantially rural ☐ Combination of urban and substantially rural 7. In the past year, did you use target areas for recruiting clients into your program?  $\square$  Yes (Go to 7.a)  $\square$  No (Go to 8) 7.a. What type(s) of target area(s) did you choose for recruiting clients into the HUD OAHM Program? Check all that apply ☐ zip codes (Specify) ☐ census tract(s) ☐ your organization's entire jurisdiction ☐ Other (Specify) 7.b. Why did you choose these target area(s)? 7.c. (Year 2 and 3 only) Are these target area(s) different from those you chose the previous year?  $\square$  Yes Go to 7.c.i)  $\square$  No (Go to 8) 7.c.i Why did you make these changes?\_\_\_\_\_ **8.** (Year 1 only) When did you begin recruiting new clients into the HUD OAHM Program? (mm/dd/yyyy): ☐ Check this box if you recruited clients for the OAHM Program from an existing wait list when you began the grant program.  $oldsymbol{9}_{ullet}$  Please rate your level of success with the following methods to recruit older adults into your HUD OAHM Program. When considering these methods, please consider whether the methods helped you with any of the following: (1) meeting your target enrollment goal; (2) recruiting clients who reflect the demographic characteristics of your community or who are underserved; or (3) enrolling those who have the greatest need for the older adult home modification program. Select "not applicable" if you did not use a particular method. (REDCap: For Surveys 2 and 3, add the phrase "Since the previous survey," to the beginning of the question.)

<b>10.</b> Do you provide clients incentive ☐ Yes <i>Go to 10a</i> ☐ No <i>(Go to 11)</i>	es to encourage participation in the HUD OAHM Program?
10a. Please list incentive(s) offere	d to clients:

11. Please complete the following table, filling in numbers for Year X (fill in year checked at top of form) of your OAHM program grant.

OAHM Program:	Number
Enrollment Goal	
Clients screened (i.e., all who applied, including both those who	
were enrolled and those who were not)	
Clients enrolled	
Clients with completed home hazard/housing condition visit	
Homes with home modifications initiated (i.e., homes in which	
modifications have been started but not yet completed)	
Homes with home modifications completed	
Clients with completed follow-up Evaluation forms (i.e., follow-up	
Client Program Questionnaire, follow-up Client Impact Evaluation	
Interview, and follow-up Home Hazard Checklist) questionnaires	

12. How important have the following factors been in developing the Scope of Work (SOW) for homes of enrolled clients? For Year 2 and Year 3 surveys, consult your Year 1 answers to help you complete this section. REDCap: For Surveys 2 and 3, add the phrase "Since the previous survey," to the beginning of the question.)

	Very		Somewhat	Not at all	Not
Factor	Important	Important	Important	Important	Applicable
Personal needs and goals of client					
Personal needs and goals of other resident(s) If you specified "Personal needs and goals of other residents," had importance, describe:(Open a cell for this description only if "very important," "important," or "somewhat important" were checked)					
Items that posed a resident fall hazard					
Deferred maintenance items					
Accessibility hazards					
Bathroom hazards					
Kitchen hazards					
General safety hazards throughout the inside of the home					
General safety hazards on the outside of home, but still on the property					
Other factors not mentioned above. If you specified that 'Other factors not mentioned above' had importance, describe: (Open a cell for this					

Approved OMB Control No: 2528-0335
Expiration Date 5/31/2025

description if "very important,"
"important," or "somewhat
important" were checked)

13		How satisfied were you with the technical assistance you received from HUD during program plementation?
		Very satisfied Satisfied Somewhat satisfied Not satisfied
		My organization didn't receive technical assistance during program implementation.
	Pl	ease elaborate on your answer: Optional
	mc	Does your organization have funding from some other source(s) to provide older adult home odifications or other interventions (e.g., social services) to OAHM Program clients in your mmunity?
		Yes Go to 14a
		No <mark>(Go to 15)</mark>
	14	a. For Year X <u>(fill in year checked at top of form)</u> , what was the estimated funding from other sources used for home modifications? \$
	14	o. What is/are the source(s) of this supplemental funding? Check all that apply
		□ Other federal government program. Specify:
		□ Private foundation
		□ State/local program. Specify:
		□ Other Source. Specify:
	140	c. How do you use funding from other sources (e.g., to address thermal comfort issues, higher cost repairs not generally covered by the HUD OAHM program such as roof replacement, expansion of similar approaches as in the OAHM program to treat additional homes, etc.)?
	OΑ	If you encountered homes with hazards your organization could not address under the HUD HM Program, did you refer clients to other organizations (e.g., weatherization program if thermal mfort issues were present, healthy homes programs if mold or pest hazards were present, etc.)?
		Yes No

16. Did you experience any barriers to program implementation in any of the following areas? (In year 2 and year 3 survey, add "since the previous survey") Select all answers that apply. Feel free to provide additional detail in the comment box.	Yes, I experienced a major barrier or issue	Yes, I experienced a minor barrier or issue	No, I did not experience a barrier or issue	Not applicable to my program			
16.a. Recruiting clients							
16.b. Recruiting specific populations							
16.c. Too many applicants (i.e., unable to serve all eligible applicants)							
16.d. Had to turn away some potential applicants because their homes were not structurally sound.							
16.e. Some applicants were not able or declined to provide health information							
16.f. Funding was not adequate to cover the costs of needed modifications		0	0				
16.g. Staff shortages or other capacity issues
