SUPPLEMENTARY INFORMATION: *Title:* Generic Clearance for Meaningful Access Information Collections.

OMB Control Number: 1520-0009.

Type of Review: Extension without change.

Description: A court order was issued in *American Council of the Blind v. Paulson*, 591 F. Supp. 2d 1 (D.D.C. 2008) (“*ACB v. Paulson*”) requiring the Department of the Treasury and BEP to “provide meaningful access to United States currency for blind and other visually impaired persons, which steps shall be completed, in connection with each denomination of currency, not later than the date when a redesign of that denomination is next approved by the Secretary of the Treasury”

In compliance with the court’s order, BEP intends to meet with blind and visually impaired persons and request their feedback about tactile features that BEP is considering for possible incorporation into the next U.S. paper currency redesign. BEP employees will attend national conventions and conferences for disabled persons, as well as focus groups and other meetings. At those gatherings, BEP employees will invite blind and visually impaired persons to provide feedback about certain tactile features being considered for inclusion in future United States currency paper designs. In the past BEP contracted with specialists in the field of tactile acuity to develop a methodology for collecting the feedback. This same or substantially similar methodology will be used to continue this information collection.

Over the next three years, the BEP anticipates undertaking a variety of new information collection activities related to BEP’s continued efforts to provide meaningful access to U.S. paper currency for blind and visually impaired persons. Following standard OMB requirements, for each information collection that BEP proposes to undertake under this generic clearance, the OMB will be notified at least two weeks in advance and provided with a copy of the information collection instrument along with supportive

materials. The BEP will only undertake a new collection if the OMB does not object to the BEP’s proposal.

SUPPLEMENTARY INFORMATION:

Title: Survey of Veteran Enrollees’ Health and Use of Health Care.

OMB Control Number: 2900-0609
<https://www.reginfo.gov/public/do/PRASearch>.

Type of Review: Revision of a currently approved collection.

Abstract: The VA Survey of Veteran Enrollees’ Health and Use of Health Care gathers information from Veterans enrolled in the VA Health Care System about factors that influence their health care utilization choices. The original authority for this information collection is from Public Law 104, section 262, Veterans’ Health Care Eligibility Reform Act of 1996. Data collected are used to gain insights into Veteran preferences and to provide VA and Veterans Health Administration (VHA) management guidance in preparing for future Veteran needs. In addition to factors influencing health care choices, the data collected include enrollees’ perceived health status and need for assistance, available insurances, self-reported utilization of VA services versus other health care services, reasons for using VA, barriers to seeking care, ability and comfort level with accessing virtual care, as well as general demographics and family characteristics that may influence utilization but cannot be accessed elsewhere. Based upon historical program data, the survey has been revised to remove some questions and add other questions, and certain questions are asked only in alternating years. Further, the target sample of respondents has been decreased to reduce costs and reduce burden on Veterans, while maintaining the

integrity of the data. Information provided through the survey supports critical VA policy decisions.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published at 89 FR 81991, October 9, 2024.

Affected Public: Individuals or Households.

Estimated Annual Burden: 13,333 hours.

Estimated Average Burden per Respondent: 20 minutes.

Frequency of Response: Once annually.

Estimated Number of Respondents: 40,000.

Agency Information Collection Activity Under OMB Review: Request for Determination of Reasonable Value Real Estate

AGENCY: Veterans Benefits Administration, Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) of 1995, this notice announces that the Veterans Benefits Administration, Department of Veterans Affairs, will submit the collection of information abstracted below to the Office of Management and Budget (OMB) for review and comment. SUPPLEMENTARY INFORMATION:

Title: Request for Determination of Reasonable Value Real Estate (VA Forms 26–1805, and 26–1805–1).

OMB Control Number: 2900–0045
<https://www.reginfo.gov/public/do/PRAsearch>.

Type of Review: Revision of a currently approved collection.

Abstract: VA utilizes Form 26–1805 (paper form) and 26–1805–1 (digital form) for lenders to request an appraisal and assign an appraiser (*i.e.*, “ordering” an appraisal), which ultimately provides

the appraiser with the authority to be on the property to conduct the appraisal (*i.e.*, an engagement letter). This information collection request seeks to expand this data collection clearance to encompass a modernized, end-to-end appraisal management process. Under this ICR extension, VA will capture information from lenders around when an appraisal has been ordered (current VA Form 26–1805), but will also capture information and workflow associated with the assignment, scheduling, and review of an appraisal by VA or a lender. This process will be consistent with the rest of the mortgage industry, and will align VA’s appraisal process with the industry standard.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.
