

Department of Veterans Affairs (VA)
Telehealth Grant Program (THGP)
APPLICATION FOR TELEHEALTH GRANT

VA Burden Statement: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 2900-XXXX, and it expires XX/XX/20XX. Public reporting burden for this collection of information is estimated to average 25 hours per respondent, per year, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate and any other aspect of this collection of information, including suggestions for reducing the burden, to VA Reports Clearance Officer at VACOPaperworkReduAct@va.gov. Please refer to OMB Control No. 2900-XXXX in any correspondence. Do not send your completed VA Form 10-395 to this email address.

Privacy Act Statement: VA is asking you to provide the information requested in this form under the authority of section 701 of Public Law 116-171 for VA to determine your eligibility to receive a grant under the Telehealth Grant Program. VA may disclose the information that you put on the form as permitted by law. VA may make a "routine use" disclosure of the information for: civil or criminal law enforcement; congressional communications; the collection of money owed to the United States; litigation in which the United States is a party or has interest; the administration of VA grant programs, including verification of your eligibility to participate; and personnel administration. You do not have to provide the requested information to VA; but if you do not, VA may be unable to process your request for consideration in this program. If you provide VA with your Employer Identification Number (EIN), VA will use it to obtain information relevant to determining whether to award a grant and to administer your grant, if awarded. This information also may be used for other purposes as authorized or required by law.

Background: This form is to be completed by applicants for the telehealth grant. VA will use the collected information to evaluate and select recipients for telehealth grants. Applicants may be asked to provide additional supporting evidence or to quantify details during the review process.

Definitions and Telehealth Grant Program Information: Definitions and Telehealth Grant Program information can be found in the regulations (38 CFR Part 80) and the Notice of Funding Opportunity (NOFO) under which you are submitting this application. Both documents are included as attachments to this application package and are posted on the Telehealth Grant web page www.va.gov/XXXXXX/XXX.asp. Please note that to be eligible for a Telehealth Grant, the applicant must be an organizations that represent or serve Veterans; Nonprofit organizations; Private businesses; or Other interested parties for the expansion of telehealth capabilities and the provision of telehealth services to Veterans. To the extent practicable, VA will award telehealth grants to entities that serve veterans in: Rural and highly rural areas, or areas determined to be medically underserved. See 38 CFR 80 and section 701(q) of [Public Law 116-171](#) for definitions of these and other terms contained throughout the application.

Submission: The application must be submitted in accordance with the NOFO. The NOFO specifies the format in which the application must be submitted. Only timely and complete applications will be considered for funding; applications will not be reviewed if incomplete. To be considered timely, the application must be submitted by the time and date specified in the NOFO. Applications received after that time and date will not be accepted. Following the application deadline, applicants will be notified that their applications have been received. To be considered complete, all items requested in this grant application must arrive as a single application package. Materials arriving separately will not be considered and may result in the application being rejected or not funded.

Documentation and Public Access Requirements: VA will ensure that documentation and other information regarding each application submitted are sufficient to indicate the basis upon which assistance was provided or denied. This material will be made available for public inspection for a five- year period beginning not less than 30 days after the grant award. Material will be made available in accordance with the [Freedom of Information Act \(5 U.S.C. 552\)](#).

Warning: It is a crime to knowingly make false statements to a Federal agency. Penalties upon conviction can include a fine and imprisonment. For details see. [18 USC 1001](#). Misrepresentation of material facts may also be the basis for denial of grant assistance by VA.

Technical Assistance: Information on obtaining technical assistance with this application can be found on VA's Telehealth Grant Program web page. at: [www.va.gov/XXXXXX/XXX.asp](#). [Staff Sergeant Parker Gordon Fox Suicide Prevention Grant Program Mental Health \(va.gov\)](#) In addition, questions may be directed to the Telehealth Grant Program via email at [XXX@va.gov](#) or via telephone at (202) XXX-XXXX.

Exhibit III Applicant Budget Template (Microsoft Excel File)

In response to application Section D, question 1.a), applicants are required to provide a detailed one-year program budget that itemizes on a quarterly basis the operational and administrative costs associated with the proposed program. A detailed narrative must accompany the program budget.

The one-year program budget must be completed in the Microsoft Excel template provided. Instructions on the use of this template are as follows:

Overview

The Microsoft Excel Applicant Budget Template contains two separate “worksheets” or “tabs.” Applicants are required to complete both tabs. Tab 1 consists of a quarterly breakdown of projected use of telehealth grant funds. Tab 2 consists of a narrative of total program costs.

Applicant Quarterly Telehealth Grant Funds Budget**General**

- a. Applicant is responsible for filling in yellow cells only.
- b. All non-yellow cells are locked and populate automatically.

Provision and Coordination of Telehealth Access Station (Total must be a minimum of 90% of the total Telehealth Grant Amount)

- a. Cost for purchasing, replacing, or upgrading hardware or software solely dedicated to the telehealth grant program necessary for the provision of secure and private telehealth services. Equipment must be compatible with telehealth requirements as described in the NOFO and be purchased under warranty. Funds may be used for services to configure grantee-purchased equipment.
- b. Costs for upgrading security protocols for consistency with VA security requirements and applications. Configuring telehealth computing equipment in the private space for telehealth appointments so the equipment does not store patient information when in use by beneficiaries.
- c. Cost for payment for the training of station attendants, including payment of those attendants for completing that training,
- d. Cost for upgrading existing infrastructure owned or leased by the entity to make rooms more conducive to telehealth care, including:
 - i. Additions or modifications to windows or walls in an existing room, or other alterations as needed to create a new, private room, including permits or inspections required in association with space modifications;
 - ii. Soundproofing of an existing room;
 - iii. New electrical, telephone, or internet outlets in an existing room; or
 - iv. Aesthetic enhancements to establish a more suitable therapeutic environment, including, but not limited to, seating for both the beneficiary and caregiver, bariatric seating, and adequate lighting.
- e. Cost for upgrading existing infrastructure to comply with the Americans with Disabilities Act of 1990 (42

U.S.C. 12101 et seq.).

- f. Costs for upgrading internet infrastructure and sustainment of internet services.
- g. Costs for the sustainment of telephone services.

Administrative Expenses (Total cannot exceed 10% of Telehealth Grant Amount)

List all administrative expenses and the quarterly costs associated with each expense. Per 38 CFR 80.75(e) administrative expenses are defined as all direct and indirect costs associated with the management of the telehealth access station. These costs will include the administrative costs, both direct and indirect, of subcontractors.

Applicant Budget Narrative

The budget workbook includes a budget narrative template linked to the budget. Applicants are expected to provide a detailed narrative justification/explanation for all line items listed in budget.
