SAFETY COMMISSION**

eFiling

About eFiling

eFiling is a CPSC initiative to enable importers of regulated consumer products to file electronically (eFile) with U.S. Customs and Border Protection (CBP) certain

data elements from a certificate of compliance, via a Partner Government Agency (PGA) Message Set. Before implementation of eFiling, CPSC will conduct a Beta Pilot test in conjunction with CBP and up to 50 test participants. The Beta Pilot test is intended to inform rulemaking and allow CPSC to develop, test, and implement processes and procedures to eFile certificates for imported, regulated consumer products.

For any questions or inquiries, please contact us at the following email.

cpsc.gov/eFiling

eFiling is a CPSC initiative to enable importers of regulated consumer products to file electronically (eFile) with U.S. Customs and Border Protection (CBP) certain data elements from a certificate of compliance, via a Partner Government Agency (PGA) Message Set.

PGA Message Sets will be filed at Entry, or at Entry Summary if both Entry and Entry Summary are filed together.

Before implementation of eFiling, **CPSC will conduct a Beta Pilot test in conjunction with CBP and up to 50 test participants.**

The Beta Pilot test is intended to inform a rulemaking and allow CPSC to develop, test, and implement processes and procedures to eFile certificates for imported, regulated consumer products.

eFiling Options

Option 1: Reference Message Set

Option 2: Full Message Set

Plan to Create an eFiling Program

The Commission approved of a plan to create an eFiling program, conduct a Beta Pilot, and initiate rulemaking.

Staff Briefing Package

eFiling Beta Pilot

CPSC is seeking volunteers to participate in a Beta Pilot

eFiling FAQs (pdf)

— How can the trade industry participate?

CPSC will be seeking 30 to 50 volunteer importers to participate in the Beta Pilot test, with a subset of nine volunteers to advise specifically in connection with IT development. In summer 2022, CPSC will publish in the *Federal Register* a notice with directions on how to volunteer to participate in the Beta Pilot test. Pursuant to section 14(g)(4) of the CPSA, CPSC, in consultation with CBP, intends to implement eFiling by rule. CPSC anticipates initiating related rulemaking and seeking public comment in the coming year.
