Please choose all that apply.

- Title IV
- VA Qualified

Is your school:

Please choose all that apply.

- Faith-based
- Tribal College
- Historically Black College/University
- Hispanic Serving Institution

Section II: Commitment Level

Detailed Description

Provide a detailed description of what your institution is offering for the Schools of National Service Program. This language will be posted on our website and should clearly outline your institution's commitment to AmeriCorps members and alumni. Include any benefits that your institution will offer to AmeriCorps members and alumni, as well as the dollar match for Segal AmeriCorps Education awards, if applicable. For a list of incentives an institution might provide, [please see here](#).

There are many options for becoming a School of National Service. However, educational institutions that select to match the Segal Education Award must provide a minimum match of \$1,000 to be listed on the AmeriCorps website as a Schools of National Service matching institution. A dollar for dollar match is the preferred level of commitment from schools that participate in this program benefit.

Provide Description*

Our institution's commitment includes programs offered (check all that apply):

- Online
- In person

Commitment to Seniors

Please indicate below if your school offers benefits to senior citizens (i.e., free classes, reduced tuition, etc.) and at what age eligibility begins.

Section III: Commitment Timeframe

This commitment to AmeriCorps is valid from the date of signature on this agreement until terminated or modified by the institution.

If the institution needs to terminate this agreement, AmeriCorps must be notified to in order to delete the website listing; otherwise students will continue to contact the institution. AmeriCorps reserves the right to delete the website listing for any institution not in compliance with the Schools of National Service Program requirements.
