Subscriber Detail

ACAMII,CAF BLS,CAFII AUC : 14 days left to Submit Subscribers to the Randomizer.

Below is your list of auto-saved HUBB locations with Subscriber IDs.

Please view the table below to see data for all Funds and SACs or use the filter to view data for a specific Fund and SAC.

Once you have completed uploading and reviewing your Subscriber data, please press the "Submit to Randomizer" button to send your data to the Randomizer tool.

After you have clicked "Submit to Randomizer", all subscriber data will be sent to the Randomizer tool and will no longer be visible on this page.

Test subjects must be randomly selected every two years from among the provider's active subscribers in each service tier in each state. Once subscribers are uploaded for the cycle, carriers can not add additional subscribers until the next sample is generated with the new two-year cycle.

Randomizer Samples

Generate your randomized data samples below. The amount of subscribers listed in each sample is based on the total number of subscribers in each state for each speed tier within a Fund.

CAFH : 217 days left to submit and certify performance data for Q1 2022 and Q2 2022.

CAFH AUC : 4 days left to submit and certify performance data for Q2 2022.

This module allows you to upload performance test data for both speed tier and latency testing for all the subscribers provided in your samples. To upload your performance test data, follow the steps below.

Step 1: Download Speed and Latency data templates for submitting your subscriber locations test results.

- Speed testing template.xlsx
- Latency testing template.xlsx

Step 2: Upload performance test results by selecting the applicable Fund, State, Sample File type and Start date of your 7 day quarterly data submission period. Performance test results should be collected according to the template you downloaded and only correspond to the sample for which you are uploading performance data. For more information on data validation and formatting rules, click on [Detailed Instructions](#).

Compliance Report

View your quarterly or annual compliance report using the tabs to navigate between the desired reports. Based on your annual report, if your compliance level reflects "Full Compliance", performance data is due annually. However, it is recommended that performance data be submitted quarterly for fully compliant samples. Whereas, performance data for incomplete performance data submissions and for Levels 1-4 is due quarterly until a sample is fully compliant. See compliance levels and support reduction for Performance Measures Order for more information.

For CAFR AJJC Carriers with High Latency, the MOS Data and Results are available for download and export. See the [MOS test methodology](#) on USAC's website for more information.
