

**SECURITIES AND EXCHANGE COMMISSION**

[SEC File No. 270–028, OMB Control No. 3235–0032]

**Proposed Collection; Comment Request; Extension: Rule 17f–1(b)***Upon Written Request, Copies Available*

From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 17f–1(b) (17 CFR 240.17f–1(b)), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Under Rule 17f–1(b) under the Exchange Act, approximately 9,500 entities in the securities industry are registered in the Lost and Stolen Securities Program (“Program”). Registration fulfills a statutory requirement that entities report and inquire about missing, lost, counterfeit, or stolen securities. Registration also allows entities in the securities industry to gain access to a confidential database that stores information for the Program.

The Commission staff estimates that 4 new entities will register in the Program each year. The staff estimates that the average number of hours necessary to comply with Rule 17f–1(b) is one-half hour. Accordingly, the staff estimates that total annual burden for all participants is 2 hours (4 × one-half hour). The Commission staff estimates that compliance staff work at subject entities results in an internal cost of compliance, at an estimated hourly wage of \$344, of \$172 per year per entity (.5 hours × \$344 per hour = \$172 per year). Therefore, the aggregate annual internal cost of compliance is approximately \$688 (\$172 × 4 = \$688).

*Written comments are invited on:* (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on

respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by November 22, 2024.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

*Please direct your written comments to:* Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Oluwaseun Ajayi, 100 F Street NE, Washington, DC 20549, or send an email to: [PRA\\_Mailbox@sec.gov](mailto:PRA_Mailbox@sec.gov).

Dated: September 18, 2024.

**Vanessa A. Countryman,**  
*Secretary.*

**SECURITIES AND EXCHANGE COMMISSION**

[Release No. 34–101050; File No. SR–NYSE–2024–56]

**Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7.31**

September 17, 2024.

Pursuant to Section 19(b)(1)<sup>1</sup> of the Securities Exchange Act of 1934 (“Act”)<sup>2</sup> and Rule 19b–4 thereunder,<sup>3</sup> notice is hereby given that on September 9, 2024, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change**

The Exchange proposes to amend Rule 7.31 regarding the Minimum Trade Size Modifier. The proposed rule change is available on the Exchange’s website at [www.nyse.com](http://www.nyse.com), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 15 U.S.C. 78a.

<sup>3</sup> 17 CFR 240.19b–4.

**II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

**A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change****1. Purpose**

The Exchange proposes to amend Rule 7.31 regarding the Minimum Trade Size (“MTS”) Modifier.

Rule 7.31(i)(3) provides that a Limit IOC Order, Non-Displayed Limit Order, Non-Displayed Primary Pegged Order, or MPL Order may be designated with an MTS Modifier. Rule 7.31(i)(3)(A) currently provides that an MTS must be a minimum of a round lot and that an order with an MTS Modifier will be rejected if the MTS is less than a round lot or if the MTS is larger than the size of the order. The Exchange proposes to amend Rule 7.31(i)(3)(A) to provide that an MTS may be an odd lot quantity and thus proposes to eliminate rule text currently providing that an MTS must be a minimum of a round lot and that an order with an MTS of less than one round lot would be rejected. The Exchange believes that restricting the use of the MTS Modifier to round lot sizes only is unnecessary and that providing member organizations with the option to use the MTS Modifier with an odd lot quantity could increase liquidity and enhance opportunities for order execution on the Exchange. The Exchange notes that permitting odd-lot order quantities is not novel on the Exchange or other equity exchanges and believes that this proposed change is consistent with other equity exchanges’ approaches to the use of instructions similar to the MTS Modifier.<sup>4</sup>

<sup>4</sup> The rules of Cboe EDGA Exchange, Inc. (“EDGA”), Cboe EDGX Exchange, Inc. (“EDGX”), and Members Exchange (“MEMX”) appear to permit the use of instructions comparable to the MTS Modifier in any size. *See* EDGA Rules 11.2 (providing that orders are eligible for odd-lot, round-lot, and mixed-lot executions unless otherwise indicated) and 11.6(h) (defining Minimum Execution Quantity instruction); EDGX Rules 11.2 and 11.6(h) (same); MEMX Rules 11.2
