

is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission previously approved the listing of options on the Fidelity Wise Origin Bitcoin Fund, the ARK21Shares Bitcoin ETF, the Grayscale Bitcoin Trust (BTC), the Grayscale Bitcoin Mini Trust BTC, and the Bitwise Bitcoin ETF.¹⁷ As noted above, Phlx's Options 4 Rules were amended by an ISE rule change¹⁸ as those Rules are incorporated by reference to ISE's Options 4 Rules, so Phlx has the ability to list the options on the Bitcoin Trusts. This proposal establishes position and exercise limits for options on the Bitcoin Trusts. The Commission believes that waiver of the operative delay could benefit investors by assuring that trading in Bitcoin Trust options are subject to the same position and exercise limits in place on other exchanges. Therefore, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposed rule change as operative upon filing.¹⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings

to determine whether the proposed rule should be approved or disapproved.

[SEC File No. 270-029, OMB Control No. 3235-0037]

Submission for OMB Review; Comment Request; Extension: Rule 17f-1(c) and Form X-17F-1A

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 17f-1(c) (17 CFR 240.17f-1(c) and Form X-17F-1A (17 CFR 249.100) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 17f-1(c) requires approximately 9,500 entities in the securities industry to report lost, stolen, missing, or counterfeit securities certificates to the Commission or its designee, to a registered transfer agent for the issue, and, when criminal activity is suspected, to the Federal Bureau of Investigation. Such entities are required to use Form X-17F-1A to make such reports. Filing these reports fulfills a statutory requirement that reporting institutions report and inquire about missing, lost, counterfeit, or stolen securities. Since these reports are compiled in a central database, the rule facilitates reporting institutions to access the database that stores information for the Lost and Stolen Securities Program ("Program").

²⁰ 17 CFR 200.30-3(a)(12), (59).

¹⁷ See Securities Exchange Act Release No. 101387 (October 18, 2024), 89 FR 84948 (October 24, 2024) (SR-Cboe-2024-035) (Notice of Filing of Amendment Nos. 2 and 3 and Order Granting Accelerated Approval of a Proposed Rule Change, as Modified by Amendment Nos. 2 and 3, To Permit the Listing and Trading of Options on Bitcoin Exchange-Traded Funds). See also Securities Exchange Act Release No. 101386 (October 18, 2024), 89 FR 84960 (October 24, 2024) (SR-NYSEAMER-2024-49) (Notice of Filing of Amendment No. 3 and Order Granting Accelerated Approval of a Proposed Rule Change, as Modified by Amendment No. 3, To Permit the Listing and Trading of Options on Bitcoin Exchange-Traded Funds).

¹⁸ See SR-ISE-2024-54.

¹⁹ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

We estimate that the total reporting burden for Regulation 17f-1(c), as adopted, for all respondents is approximately 2,937.5 hours. These burdens consist of a one-time burden in connection with Accenture Federal Services LLC ("Accenture") becoming the new Program operator of approximately 2,000 hours for set-up, and annual burdens thereafter of approximately 25 hours for maintenance and 287.5 hours for reporting. $[2,000 + 3(25 + 287.5) = 2,937.5 \text{ hours}]$.

- The Commission estimates that approximately 50 reporting institutions will be subject to this one-time burden, which corresponds to 40 hours for each of the applicable reporting institutions. Further, the Commission estimates that updates in the applicable reporting institutions' systems to maintain this connectivity will impose an aggregate ongoing annualized burden of 25 burden hours, which corresponds to 30 minutes for each of the applicable reporting institutions. Accordingly, this estimated burden to establish and maintain connectivity with Accenture over three years results in an aggregate burden of 691.67 hours per year or 13.83 hours per applicable reporting institution per year. $[(50 \text{ Respondents} \times 1 \text{ Responses over 3 years}) = 50 \times (40 \text{ hour}) = 2,000 \text{ hours} / 3 \text{ years} = 666.67 \text{ hours per year}; (50 \text{ Respondents} \times 1 \text{ Responses}) = 50 \times (.5 \text{ hours}) = 25 \text{ hours}; 666.67 \text{ hours} + 25 \text{ hours} = 691.67 \text{ hours}; 691.67 \text{ hours} / 50 \text{ Respondents} = 13.83 \text{ hours/Respondent}]$.

- In addition, we estimate that approximately 115 reporting institutions will submit a report on average 30 times each year. The staff estimates that the average amount of time necessary for each reporting institution to comply with the Rule 17f-1(c) and Form X-17F-1A is five minutes. As a result, the total hourly burden for the periodic reporting burden under Rule 17f-1(c) is approximately 287.5 hours $[(115 \text{ Respondents} \times 30 \text{ Responses}) \times (5 \text{ minutes} / 60 \text{ minutes/hour})]$.

Proposed Collection; Comment Request; Extension: Rule 304 of Regulation ATS

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 304 of Regulation ATS (17 CFR 242.304) and Form ATS-N under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act"). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Regulation ATS provides a regulatory structure for alternative trading systems. Rule 304 of Regulation ATS provides conditions for NMS Stock ATSs seeking to rely on the exemption from the definition of "exchange" provided by Rule 3a1-1(a) of the Exchange Act, including to file a Form ATS-N, and for that Form ATS-N to become effective. Form ATS-N requires NMS Stock ATSs to provide information about their manner of operations, the broker-dealer operator, and the ATS-related activities of the broker-dealer operator and its affiliates to comply with the conditions provided under Rule 304. Form ATS-N promotes more efficient and effective market operations by providing more transparency to market participants about the operations of NMS Stock ATSs and the potential conflicts of interest of the controlling broker-dealer operator and its affiliates, and helps brokers meet their best execution obligations to their customers. Operational transparency rules, including Form ATS-N, are designed to increase competition among trading centers in regard to order routing and execution quality.

The Commission staff estimates that entities subject to the requirements of Rule 304 and Form ATS-N will spend

a total of approximately 1,901 hours a year to comply with the Rule.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by January 31, 2025. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Tanya Ruttenberg, 100 F Street NE, Washington, DC 20549, or send an email to: PRA_Mailbox@sec.gov.
