

WHEAT VARIETIES - 2023 CROP YEAR

In service to Oklahoma's wheat industry, The Oklahoma Wheat Commission and the Oklahoma Field Office of USDA-NASS have once again partnered to conduct this annual *Wheat Variety* survey. Results of this project summarize wheat varieties used by Oklahoma growers for the **2023** crop year. This information helps Researchers target future studies, and helps the Wheat Commission better promote your grain.

**Acres Seeded or
to be Seeded for
2023**

How many acres of wheat have been or will be planted for the **2023** crop year on this operation?

7600

The information you provide will be used for statistical purposes only. Your response will be kept confidential and any person who willfully discloses ANY identifiable information about you or your operation is subject to a jail term, a fine, or both. This survey is conducted in accordance with the Confidential Information Protection and Statistical Efficiency Act of 2018, Title III of Pub. L. No. 115-435, codified in 44 U.S.C. Ch. 35 and other applicable Federal laws. For more information on how we protect your information please visit: <https://www.nass.usda.gov/confidentiality>. Response is voluntary.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB number is 0535-0002. The time required to complete this information collection is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information
