Grain Stocks Report Profile – 2024

This non-substantive change request affects the Grain Stocks Report Profile. The changes resulted from consultation with a few members of industry as well as a few cognitive interviews. The specific changes are itemized below and highlighted in the draft questionnaire.

- Item 1b and 1d: Added a skip instruction for the “no response”
- Item 2 - Clarified what types of storage facilities are included in storage capacity.
- Item 2 – Added the following yes/no questions to determine temporary or emergency storage.

a. Does this firm have any “temporary” or “emergency” storage capacity?

xxxx Yes - Continue No – Skip to 3

b. What is the “temporary” or “emergency” storage capacity?

TEMPORARY OR EMERGENCY STORAGE CAPACITY	UNIT (Circle one)			
<u>xxxx</u>	<u>xxxx</u> 1 Bu.	2 Lbs.	3 Tons	4 C wt.

c. Was the “temporary” or “emergency” storage capacity included in the total rated storage capacity in Item 2?

xxxx Yes No

- Item 3 – Instead of a table of commodities and one Yes/No on whether the operation expects to store any of the listed commodities, the operator is asked Yes/No for each commodity individually.

3. Including all facilities, does this firm expect to store any of the following commodities during the next 12 months?

INCLUDE:

- all whole grains, pulse crops and oilseeds stored in your facilities and/or piles (temporarily stored) regardless of ownership for farmers, elevators, millers, processors, farmer owned reserve, under loan, and the Government Commodity Credit Corporation
- grain to be used for [seed](#)
- both domestic and imported stocks

EXCLUDE grain owned that is stored at another licensed grain elevator.
