Export Fruit Acts

7 CFR Parts 33 and 35; and

October 2024

This Justification for Change seeks OMB's approval on updates to one form used in the specialty crop industry.

This Justification of Change seeks OMB approval on corrections to one form that is a part of OMB No. 0581-0143: Export Fruit Acts. Federal or Federal-State Inspection Program graders complete Export Form Certificates in the process of inspecting and certifying that each shipment of fresh apples and grapes meets quality and other requirements effective under the Export Fruit Acts.

The following form currently references the Canadian Food Inspection Agency's (CFIA) "Agriculture Canada's Fresh Fruit and Vegetable Regulations." Recently, CFIA updated the name of these regulations to the Safe Food for Canadians Regulations." Due to this regulatory name change, references in the form to the Agriculture Canada's Fresh Fruit and Vegetable Regulations must be updated to the Safe Food for Canadians Regulations. Making this change will provide form users with up-to-date regulatory reference information and will not affect the burden hours for those completing this form.
