

JUSTIFICATION FOR NONMATERIAL/NONSUBSTANTIVE CHANGE
Patent Cooperation Treaty
OMB Control Number 0651-0021

Background

This collection of information is required by the provisions of the Patent Cooperation Treaty (PCT), which became operational in June 1978 and is administered by the International Bureau (IB) of the World Intellectual Property Organization (WIPO) in Geneva, Switzerland. The provisions of the PCT have been implemented by the United States in Part IV of Title 35 of the U.S. Code (Chapters 35-37) and Subpart C of Title 37 of the Code of Federal Regulations (37 CFR 1.401-1.499). The purpose of the PCT is to provide a standardized filing format and procedure that allows an applicant to seek protection for an invention in several countries by filing one international application in one location, in one language, and paying one initial set of fees.

In support of RIN 0651-AD64 (Setting and Adjusting Patent Fees During Fiscal Year 2025, 89 FRN 91898)¹, as well as adjustments in international exchange rates, the USPTO is changing the fees in this information collection and is adding five fees in the information collection. Fees related to Item 1 (fee codes 1701, 1702, and 1710), which are paid in US dollars, are being revised to account for changes to international exchange rates.²

Additionally, one form, PTO-1390 (Transmittal Letter to the U.S. Designated/Elected Office (DO/EO/US) Concerning a Submission under 35 U.S.C. 371 (for PCT filing dates on or after March 16, 2013), is being revised to reflect changes made by the rulemaking.
