Good Afternoon,

I have completed a review of the OMB Clearance-Emergency ICR-Risk factors, clinical course, presence and persistence of virus in various bodily fluids, and risk of sexual transmission among U.S. adults with Oropouche virus disease and determined that Personally Identifiable Information (PII) or Personal Health Information (PHI) is being collected. A Privacy Impact Assessment (PIA) is required for this collection. The latest signed PIA for Research Electronic Data Capture (REDCap) is attached.

Thanks,

Good morning,

Please see attached OMB ICR package for a PIA request for *Risk factors, clinical course, presence and persistence of virus in various bodily fluids, and risk of sexual transmission among U.S. adults with Oropouche virus disease..* This is an Emergency OMB/PRA package, so this is an urgent PIA request.

Let me know if you have any questions.

Thanks,
