

CCE Screens for SSA-308

The CCE System will use smart pathing to leverage some of the information collected in the Retirement application path to determine what supplemental information is required. For instance, when an individual indicates that they are currently receiving a foreign pension from work not covered under SSA, the CCE path will bring up the fields to collect information for the SSA-308.

Claim Social Security Number (SSN) 123-45-6789	Claimant Name	Claimant Social Security Number (SSN) 123-45-6789	Claim Type Retirement
---	---------------	--	--------------------------

A red asterisk (*) indicates a required field.

Add Pension Information

*Organization

Address

U.S. International

*Street Address

Apartment, Suite, Building, Etc.

*City/Town

*State/Province/Region

*Postal Code

*Country

*Pension Eligibility Date

mm/yyyy

Once we collect the name and address of the agency or organization providing the pension, the following pages collect information about the dates for the pension periods, payment amounts, and frequency.

*Total Pension Period From Date

mm/yyyy

*Total Pension Period To Date

mm/yyyy
