Evaluation of Registered Apprenticeship Initiatives
Apprenticeship Building America (ABA) Grants

Pre-Apprenticeship Survey for Participants

- **Who is administering this survey?** The Urban Institute, a nonprofit, nonpartisan research organization in Washington DC, is under contract with the U.S. Department of Labor (DOL), to conduct an implementation evaluation of the Apprenticeship Building America (ABA) grant programs.
- **What is the purpose of the survey?** This survey will collect information from participants who started a pre-apprenticeship program under an ABA grant program. It includes individuals who are currently in a pre-apprenticeship, individuals who completed a pre-apprenticeship, and individuals who started but left a pre-apprenticeship program before completing. The survey results will provide the breadth of knowledge needed to systematically understand how participants learn about and experience their apprenticeship programs, as well as participant outcomes.
- **How long will it take to complete?** This survey will take approximately 1 hour. You may stop and return to the survey to continue and complete it.
- **Is participation mandatory?** Your participation is voluntary; however, please consider assisting us in learning about your experience to improve pre-apprenticeship in general. Upon completing the survey, you will receive a \$25 gift card by e-mail in appreciation of your participation.
- **Who will see my responses?** The Urban Institute treats the information you provide as private and we will not share your individual responses with your pre-apprenticeship program, the grantee funding the program, or with DOL. All evaluation reports based on this survey will report your answers combined with the hundreds of other survey responses. You will not be identified in any publication.
Are there risks to participating? We believe the risks of participating in this study are minimal. Although there are no direct benefits to you, we believe that the findings from this study will benefit similar efforts to expand and modernize apprenticeships.

Who can I contact with questions? If you have any questions, please contact: [XXXX at XXXXX@urban.org](mailto:XXXX@urban.org)

Thank you again for participating in this survey. We greatly appreciate your time and assistance.
