Narrative (250 word limit)	
-----------------------------------	--

Example Narratives:

- In April 2023, XYZ Bank recently closed a \$XX million loan to finance a community facility in ZYX State, in partnership with ABC Organization, that also leveraged CBA Other Federal Program resource as seed funding for the facility. One impact of ECIP was to allow XYZ to increase its maximum loan size, so this loan would not have been possible prior to the ECIP investment.
- In July 2023, MDI Credit Union in XYZ State recently extended a working capital loan in the amount of \$XX to a Black owned construction company that employs 30 people.
- In June 2023, AAA Credit Union in XYZ State made a mortgage loan in the amount of \$XX to a Hispanic family to purchase their first home. The ECIP investment has allowed the Credit Union to approve more than 30 mortgage loans to Other Targeted Populations from January to June 2023.

- In May 2023, BCD Bank leveraged a \$XX million deposit from DFG Major Corporation. ECIP made it possible for the Bank to accept this deposit and still maintain the appropriate balance sheet ratios.

(-) Would you like to add another impact highlight from an ECIP loan or investment? (if selected, brings up a copy of the form for the next activity the participant wants to report).
