**October 2024**

This appendix provides the full-scale survey facsimile for the 2020/25 Beginning Postsecondary Students Longitudinal Study (BPS:20/25).

The goal of the BPS:20/25 survey is to follow up with students whose first postsecondary enrollment after high school occurred during the 2019-2020 academic year and were last contacted in 2022 for the 2020/22 Beginning Postsecondary Students Longitudinal Study. In the survey, respondents will provide an update of their enrollment and employment history as well as financial aid, income and expenses, and demographic information, through the 2024-2025 academic year.

To maintain key longitudinal measures across BPS cohorts, the BPS:20/25 survey content is initially drawn from the first follow-up survey of the BPS cohort, BPS:20/22 (OMB #1850-0631 v. 19). Additional content is drawn from the NPSAS:24 survey (OMB #1850-0666 v.36) to collect information of emerging interest, such as participation in the gig economy. Data elements brought forward from BPS:20/22 full-scale enable longitudinal analysis of new topics including academic experiences and activities, emergency aid, and student basic needs (e.g., housing and food security).

Question wording for the BPS:20/25 survey remains unchanged from how it was administered in the BPS:20/25 field test (OMB # 1850-0631 v.20). Some questions included in the field test survey were removed for full-scale based upon recommendations from the Technical Review Panel (Appendix A), noted in table 1. Revisions to the survey are intended to reflect current research goals and improve data quality, including the addition of the modified race and ethnicity question with minimal categories only and examples based on the revised OMB Statistical Policy Directive No. 15. While race and ethnicity are constructs historically only measured in the base-year survey (NPSAS:20), the inclusion of the modified measure in BPS:20/25 will provide insight into how postsecondary students respond to the revised question.

Survey questions that determine eligibility will not be included in the BPS:20/25 survey. Sample members who did not respond to NPSAS:20 and BPS:20/22 (double nonrespondents) will not be fielded for the BPS:20/25 full-scale survey. Eligibility has been established for the remaining survey sample; therefore, these items are not required. Additionally, as this is the final follow-up for this cohort, in-depth locating information is no longer required (e.g., secondary address/contacting information, parent phone numbers). To maintain a concise summary of item-specific changes, the modifications discussed above (i.e., dropping eligibility and locating items) are not documented in table 1.

Table 1 lists all items in the survey and provides a summary of item-specific changes. The “Change” column indicates whether the BPS:20/25 survey items have substantively changed from the BPS:20/25 field test survey. Dropped items (“D”), in red font, have been removed from the full-scale survey. Added items (“A”), in green font, are new and will be fielded for the first time in the BPS:20/25 full scale survey. The “Rationale” column explains how and why specific content changed. Items not included in the BPS:20/25 field test but carried forward from the BPS:20/22 survey are noted in the “Rationale” column.

The last column in table 1 identifies items that will be included in the BPS:20/25 abbreviated survey (“Abbreviated” column). The abbreviated survey will be available in both English and Spanish, with the Spanish survey wording provided starting on page E-157. A notation of “(ABBREV)” has been added next to these forms in the facsimile.

Items to be included in the abbreviated survey are individually listed in the hyperlinked table of contents on page E-15.

**INFCON (ABBREV)**

Recently, we sent you material about the U.S. Department of Education's Beginning Postsecondary Students Longitudinal Study (BPS). As part of the study, the survey is being conducted to better understand the education and employment experiences of current and former students who began their postsecondary education during the 2019-2020 academic year.

[{If on OFAC do not pay list} The survey takes about 30 minutes to complete. {else} The survey takes about 30 minutes to complete and, as a token of our appreciation, you will receive \$ [incentive amount] for participating.]

In addition to your survey responses, we collect other enrollment-related data from your institution and sources such as student loan databases and admissions testing agencies. Your responses, combined with any student record information, may be used for statistical purposes and will not be disclosed, or used, in personally identifiable forms for any other purpose, except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151).

Sometimes researchers use data from previous studies or share data with each other if they are conducting similar research. For these reasons, we may use or share your deidentified data with other researchers. If we do so, we will not contact you to ask for your additional informed consent.

Your participation is voluntary and will not affect any aid or other benefits that you may receive. You may decline to answer any question or stop the survey at any time. The risks of participating in this study are small and relate to data security. We have the following precautions in place - your responses are stored within an enhanced security network, only authorized project staff have access to data, and all staff have participated in privacy training, signed confidentiality agreements, and undergone rigorous background checks. All personally identifiable information will be kept in secure and protected data files and will be separate from the responses you provide in this survey.

If you are located in the European Union (EU) or the United Kingdom (UK), you have rights under the EU's General Data Protection Regulation and the UK Data Protection Act. By providing consent, you agree and understand that your personal information will be transferred to a data center located in the United States.

If you have questions about the use and protection of your information, you can contact the study director, Michael Bryan, at 800-844-8959. For questions about your rights as a participant, you can contact RTI's Office of Research Protection toll-free at 866-214-2043.

To review the letter that we mailed, [click here \(PDF letter\)](#).

To review the study brochure, [click here \(PDF brochure\)](#).

**Do you want to begin the survey now?**

- 1 = Yes, I agree to participate now
- 2 = Not now, but I want to participate at a later time
- 0 = No, I do not want to participate at all

**Help Text:**

- You are one of approximately 29,000 students who will be taking part in this study.
- The risk of participating in this study is small and relates to data security. However, we have put strict security procedures in place to protect your information. Procedures include:
  1. Responses are collected and stored on RTI's network which complies with all applicable security and privacy regulations including strong encryption during internet transmission (Secure Sockets Layer (SSL) protocol).

2. All data entry modules are password protected and require the user to log in before accessing confidential data.
3. Project staff are subject to large fines and/or imprisonment if they knowingly publish or communicate any individually identifiable information.

The following descriptions use examples of standard full-time course loads which may vary by school.

Students who are enrolled as a **full-time** student typically carry at least the following:

- 12 semester or quarter hours per term
- 24 semester hours or 36 quarter hours per academic year for an educational program using credit hours for a program of less than one academic year; or
- 24 clock hours per week for an educational program using clock hours

Students who are enrolled as a **part-time** student typically carry the following:

- Less than 12 semester or quarter hours per term
- Less than 24 semester hours or less than 36 quarter hours per academic year for an educational program using credit hours for a program of less than one academic year; or
- Less than 24 clock hours per week for an educational program using clock hours

Select **mix of full-time and part-time** only if your full-time or part-time status differed across the semester(s) or term(s) within the academic year. For example, if you were full-time for fall 2024, but were part-time for spring 2025, you would be a mix of full-time and part-time student.

**Help Text:**

**Undergraduate level classes** means taking courses at the undergraduate level but not formally enrolling in a degree or certificate program of any sort.

**Undergraduate certificates or diplomas** usually take less than 2 years to complete and are usually designed to equip people with the skills needed for direct entry to employment or to earn a license such as a cosmetology license. Other examples include certificates in administrative support, computer programming, and medical records.

An **associate's degree** normally requires at least 2, but less than 4 years, of full-time equivalent college work.

A **bachelor's degree** is usually awarded by a 4-year college or university and usually requires at least 4 years of full-time, college level work.

**Graduate level classes** are for students who already hold an undergraduate degree or certificate and who are enrolled in graduate level courses beyond a bachelor's degree, but who are not formally enrolled in a graduate degree program.

A **post-baccalaureate certificate** provides students who already hold a bachelor's degree with new or additional training in an area of specialization. Certificates typically require fewer course hours than do master's or doctoral degrees, and do not require a thesis or dissertation. Examples of this include certificates in accounting, computer science, and human resource management.

A **master's degree** usually requires at least 2 years of full-time graduate level work and may require a thesis or a practicum.

A **post-master's certificate** usually requires completion of 24 semester credit hours beyond the master's degree but does not meet the requirements of academic degrees at the doctoral level.

A **doctoral degree - research/scholarship** is a PhD or other doctoral degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include EdD, DMA, DBA, DSc, DA, or DM, and others, as designated by the awarding institution.

A **doctoral degree - professional practice** is a doctoral degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least 6 full-time equivalent academic years. Some of these degrees include: chiropractic (DC or DCM); dentistry (DDS or DMD); law (LLB or JD); medicine (MD); optometry (OD), osteopathic medicine (DO); pharmacy (PharmD); podiatry (DPM, PodD, DP); or veterinary medicine (DVM), and others, as designated by the awarding institution.

A **doctoral degree - other** is a doctoral degree that does not meet the definition of a doctoral degree-research/scholarship or a doctoral degree-professional practice.

### **B25AEXPEVR (ABBREV)**

What is the highest level of education you ever expect to complete at any school?

1 = Undergraduate level courses, no undergraduate degree or certificate expected

2 = Undergraduate certificate or diploma (usually less than 2 years), including those leading to a license (e.g., cosmetology)

3 = Associate's degree (usually a 2-year degree)

4 = Bachelor's degree (usually a 4-year degree)

5 = Graduate level courses, no graduate degree or certificate expected

6 = Post-baccalaureate certificate

7 = Master's degree

8 = Post-master's certificate

10 = Professional doctoral degree (including: chiropractic, dentistry, law, medicine, etc.)

9 = Doctoral degree, research/scholarship (including: PhD, EdD, etc.)

#### **Help Text:**

Indicate the highest level of education that you ever expect to complete at **any** school. If you do not plan to pursue any education beyond what you are currently working on, indicate your current degree, certificate, or classes.

**Undergraduate level classes** means taking courses at the undergraduate level but not formally enrolling in a degree or certificate program of any sort.

**Undergraduate certificates or diplomas** usually take less than 2 years to complete and are usually designed to equip people with the skills needed for direct entry to employment or to earn a license such as a cosmetology license. Other examples include certificates in administrative support, computer programming, and medical records.

An **associate's degree** normally requires at least 2, but less than 4 years, of full-time equivalent college work.

A **bachelor's degree** is usually awarded by a 4-year college or university and usually requires at least 4 years of full-time, college level work.

**Graduate level classes** are for students who already hold an undergraduate degree or certificate and who are enrolled in graduate level courses beyond a bachelor's degree, but who are not formally enrolled in a graduate degree program.

A **post-baccalaureate certificate** provides students who already hold a bachelor's degree with new or additional training in an area of specialization. Certificates typically require fewer course hours than do master's or doctoral degrees, and do not require a thesis or dissertation. Examples of this include certificates in accounting, computer science, and human resource management.

A **master's degree** usually requires at least 2 years of full-time graduate level work and may require a thesis or a practicum.

A **post-master's certificate** usually requires completion of 24 semester credit hours beyond the master's degree but does not meet the requirements of academic degrees at the doctoral level.

A **doctoral degree - research/scholarship** is a PhD or other doctoral degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include EdD, DMA, DBA, DSc, DA, or DM, and others, as designated by the awarding institution.

A **doctoral degree - professional practice** is a doctoral degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least 6 full-time equivalent academic years. Some of these degrees include: chiropractic (DC or DCM); dentistry (DDS or DMD); law (LLB or JD); medicine (MD); optometry (OD), osteopathic medicine (DO); pharmacy (PharmD); podiatry (DPM, PodD, DP); or veterinary

medicine (DVM), and others, as designated by the awarding institution.

A **doctoral degree - other** is a doctoral degree that does not meet the definition of a doctoral degree-research/scholarship or a doctoral degree-professional practice.

- 10 = Doctoral degree (PhD, EdD, etc.)

-1 = Don't know

**Help Text:**

Indicate the highest level of education that your spouse ever completed. If your spouse was in school for a particular degree but has not completed that degree, choose the option for the highest **completed** degree or level of education.

**Did not complete high school:** Select this option if your spouse has not completed a high school diploma or equivalent program.

**High school diploma or equivalent:** Completion of the secondary level of education, usually in the form of a high school diploma, high school completion certificate, or General Educational Development (GED) equivalency exam.

**Vocational/technical training:** Prepares learners for careers that are based in manual or practical activities, traditionally non-academic and related to a specific trade, occupation or vocation.

**Associate's degree:** An award that normally requires at least 2 but less than 4 years of full-time equivalent college work.

**Bachelor's degree:** A degree, usually awarded by a 4-year college or university, that usually requires at least 4 years of full-time college level work.

**Master's degree** (MA, MS, MBA, MFA, etc.): A university-awarded degree that usually requires at least 2 years of full-time graduate level work, and may require a thesis or a practicum.

**Professional degree:** A formal award certifying the satisfactory completion of a postsecondary education program in any of the following professional fields: chiropractic, dentistry, law, medicine, optometry, osteopathic medicine, pharmacy, podiatry, divinity/theology, or veterinary medicine.

**Doctoral degree** (PhD, EdD, etc.): A university-awarded degree that usually requires at least 4 years of full-time graduate level work and usually requires a dissertation.

The next few questions will ask about any student loans you have taken out for your education since high school. There are two main types of loans we are interested in:

**Federal student loans**, such as subsidized and unsubsidized Direct Loans, are from the federal government.

**Private student loans** are borrowed from a private lender, such as a bank or sometimes a state, usually require a co-signer, and have market interest rates based on credit history.

Student loans are money that you borrowed from the federal government or from a private lender. Do not include Parent PLUS loans, grants or scholarships, or money borrowed from family or friends.

Students must file a FAFSA (Free Application for Federal Student Aid) in order to be considered eligible for federal loans.

### **Subsidized and unsubsidized Direct Loans**

- An education loan borrowed from the federal government (Direct Loans), with an interest rate and other terms that are set by the federal government.
- Undergraduate and graduate level students are eligible to receive Direct Loans, which can be either subsidized or unsubsidized.

**Private loans** are offered by private lenders. Some common characteristics of private loans are noted below.

- With private loans there are no federal application forms to complete.
- Some students and parents use private loans as a supplement when their federal loans do not provide enough money.
- Private loans can have higher interest rates than federal loans.
- Unlike federal student loans, private loans are credit based and therefore often require a cosigner if the student does not have an established credit history.

### **Some examples of commonly used private loans include:**

- Sallie Mae Smart Option Loan
- Wells Fargo Collegiate Loan
- Discover Student Loan
- PNC Solution Loan
- College Ave Loan

Other types of private student loans can include, but are not limited to, loans from credit unions, loans from other banks or financial institutions, or state loan programs. ### **Help Text:**

Choose the option that best describes the total amount you borrowed in private loans for your entire education. Include the private loan amount borrowed for **all schools** you attended. If you are unsure of the amount of your private loans, provide your best guess. Do **not** include Parent PLUS loans, grants or scholarships, or money borrowed from family or friends.

**Private loans** are offered by private lenders. Some common characteristics of private loans are noted below.

- With private loans there are no federal application forms to complete.
- Some students and parents use private loans as a supplement when their federal loans do not provide enough money.
- Private loans can have higher interest rates than federal loans.
- Unlike federal student loans, private loans are credit based and therefore often require a cosigner if the student does not have an established credit history.

### **Some examples of commonly used private loans include:**

- Sallie Mae Smart Option Loan
- Wells Fargo Collegiate Loan
- Discover Student Loan
- PNC Solution Loan
- College Ave Loan

Other types of private student loans can include, but are not limited to, loans from credit unions, loans from other banks or financial institutions, or state loan programs. States with private student loan programs include Alaska, Georgia, Hawaii, Massachusetts, Minnesota, New Jersey, Texas, Washington, and Wisconsin.

2 = No, because they are already paid off

3 = No, because [{"if USERMODE = CATI"} you {"else"} I] have an agreement with [{"if USERMODE = CATI"} your {"else"} my] lender to delay or defer payments

0 = No

**Help Text:**

If you are currently repaying any private student loans, even if you are still in your deferment period, please answer **Yes**.

- Deferred or delayed loan payments are put off until a later date.
- Deferment of private loans is on a loan-by-loan basis and often varies among lenders.
- In order to defer private loan payments, generally, the borrower must apply online on the lender's website, over the telephone, via fax or through postal mail.
- The application may also require supporting documentation, such as a copy of your paycheck stub, unemployment compensation statement, disability award letter or a certified letter from your school verifying your enrollment status.

If you are not currently repaying your private loans and have an agreement with the lender of these loans to delay or defer payment, answer **No, because I have an agreement with my lender to delay or defer payments**.

Benefits are a type of non-monetary employee compensation provided in addition to salary. Select **Yes** for each benefit your employer offered to you, regardless of whether or not you used the benefit.

**Health insurance** pays all or part of the costs for your medical, dental, vision, or other health care. It may be either completely employer-paid, or offered at a reduced rate as an employee-paid benefit.

**Life insurance** provides a predetermined amount of money to the family member or other person you have identified to receive the support in case of death. It may be either completely employer-paid, or offered at a reduced rate as an employee-paid benefit.

**Retirement benefits** are funds that you, your employer, or both, can set aside to invest while you are working. In defined benefit plans (sometimes called pension plans), at the time of retirement, employees are provided a set amount based on salary or years of service. In defined contribution plans like a **401(k)/403(b)**, both employee and employer contribute specific amounts but the benefit available upon retirement is tied to investment earnings.

### Help Text:

Answer **Yes** if you or anyone in your family household received any of the following benefits at any time during 2022 or 2023:

**Medicaid** provides health coverage to eligible low-income adults, children, pregnant women, elderly adults, and people with disabilities. Medicaid is administered by states according to federal requirements and is funded jointly by states and the federal government.

The **Supplemental Security Income (SSI)** program pays benefits to disabled adults and children who have limited income and resources. It is designed to help aged, blind, and disabled people who have little or no income and provides cash to meet basic needs for food, clothing, and shelter.

The federal Food Stamp Program was renamed **Supplemental Nutrition Assistance Program (SNAP)**. Some state program names may vary. States typically issue SNAP benefits through electronic benefit transfer (EBT) cards that are used to purchase eligible food in authorized retail food stores, farmers' markets, etc. EBT cards work like debit cards.

**TANF** (Temporary Assistance for Needy Families) payments provide financial assistance to families with limited resources. The assistance is time-limited (typically a maximum of 60 months). TANF may have a different name in your parents' state.

A **Free and Reduced Price School Lunch** program, also known as the National School Lunch Program (NSLP), is a federally assisted meal program operating in public and nonprofit private schools and residential child care institutions. It provides nutritionally balanced, low-cost or free lunches to children each school day. Household size and family income are used to determine eligibility for free or reduced price school lunch programs.

**WIC** (the Special Supplemental Nutrition Program for Women, Infants, and Children) is an assistance program for low-income pregnant women or new mothers, infants, and children up to age 5 who are at nutritional risk. WIC provides nutrition education, supplemental foods, health screenings, and health care referrals.

- 3 = No, student visa, in the country on an F1 or F2 visa, or on a J1 or J2 exchange visitor visa
- 4 = No, other

**Help Text:**

Indicate your citizenship status. If you are a U.S. citizen or U.S. national, answer **Yes**.

If you are a U.S. permanent resident with a Permanent Resident Card (I-551), sometimes called a Green Card, or an eligible noncitizen with an Arrival-Departure Record (I-94), or an eligible noncitizen with a Temporary Resident Card (I-688), select **No, permanent resident, or other eligible noncitizen (e.g., hold a temporary resident's card or other eligible noncitizen temporary resident's card)**.

If you are in the U.S. under any of the following, please select **No, student visa, in the country on an F1 or F2 visa, or on a J1 or J2 exchange visitor visa**.

- The **F-1 Visa** (Academic Student) allows an eligible noncitizen to enter the United States as a full-time student at an accredited college, university, seminary, conservatory, academic high school, elementary school, or other academic institution or in a language training program. The eligible noncitizen must be enrolled in a program or course of study that culminates in a degree, diploma, or certificate, and the school must be authorized by the U.S. government to accept international students.
- **F2 Visa** - For a spouse and/or dependent children of a student with an F1 visa to enter the U.S.
- The **Exchange Visitor (J) nonimmigrant visa** category is for individuals approved to participate in work- and study-based exchange visitor programs such as: educators at a U.S. accredited primary or secondary school, Au Pair, or camp counselor. Participants are integral to the success of the program.
- **J2 Visa** - For a spouse and/or dependent children of a person with a J1 visa to enter the U.S.

If none of these categories describe your citizenship status select **No, other**.

What is your gender? Your gender is how you feel inside and can be the same or different from your biological or birth sex. (Please check all that apply.)

- Man
- Woman
- Transgender
- Nonbinary
- A gender identity not listed

Please describe:

**Help Text:**

This question will help us better understand the experiences of people of all gender identities.

Gender includes gender identity and gender expression. Gender identity means one's inner sense of one's own gender, which may or may not match the sex assigned at birth. Different people choose to express their gender identity differently. For some, gender may be expressed through, for example, dress, grooming, mannerisms, speech patterns, and social interactions. Gender expression usually ranges between masculine and feminine, and some transgender people express their gender consistent with how they identify internally, rather than in accordance with the sex they were assigned at birth.

**Transgender:** When a person's birth sex and gender do not match, they might think of themselves as transgender.

**Nonbinary:** Used to identify people whose gender may not conform to the sex they were assigned at birth. Often this term may be used by people who identify their gender as something other than man or woman. Their gender may fall somewhere between man and woman, or may fall outside the traditional gender distinctions.

Recientemente, te enviamos material sobre el Estudio Longitudinal de Estudiantes Postsecundarios Principiantes (BPS, por sus siglas en inglés), del Departamento de Educación de los Estados Unidos. Como parte del estudio, la encuesta se está realizando para entender mejor las experiencias educacionales y de empleo de los estudiantes actuales y pasados que comenzaron su educación postsecundaria durante el año académico de 2019-2020.

[{If Y\_OFACNOPAY = 1} La encuesta toma aproximadamente 30 minutos para completar.  
{else} La encuesta toma aproximadamente 30 minutos para completar y como muestra de nuestro agradecimiento, recibirás \${incentive amount} por participar.]

Además de tus respuestas a la encuesta, recolectamos otra información relacionada a la matrícula, obtenida de tu institución y otras fuentes, tales como bases de datos sobre préstamos estudiantiles y agencias de exámenes de admisión. Tus respuestas, combinadas con cualquier información de tus récords estudiantiles, se pueden usar para propósitos estadísticos y no serán divulgadas ni usadas, de formas personalmente identificables para ningún otro propósito, excepto como se requiera por ley (20 U.S.C. §9573 y 6 U.S.C. §151).

A veces hay investigadores que utiliza en datos de estudios previos o comparten datos entre ellos si están realizando una investigación similar. Por estos motivos, nosotros podríamos usar o compartir tus datos desidentificados con otros investigadores. Si lo hacemos, no nos pondremos en contacto contigo para solicitarte tu consentimiento informado adicional.

Tu participación es voluntaria y no afectará ninguna asistencia económica ni otros beneficios que tal vez recibas. Puedes negarte a responder a cualquier pregunta o parar la encuesta en cualquier momento. Hay poco riesgo por participar en este estudio y tal riesgo se relaciona con la seguridad de los datos. Hemos establecido las siguientes medidas de precaución: tus respuestas se guardan adentro de una red de seguridad reforzada; solo el personal autorizado del proyecto tiene acceso a los datos y todo el personal ha participado en entrenamiento sobre privacidad, ha firmado acuerdos de confidencialidad y ha pasado por una rigurosa verificación de antecedentes. Toda información que permita identificar a participantes a nivel individual se mantendrá guardada en archivos de datos seguros y protegidos, y estará separada de las respuestas que proveas en esta encuesta.

**Clases a nivel subgraduado** significa tomar cursos a nivel de estudios subgraduados, pero sin estar formalmente matriculado(a) en un programa que otorga título o certificado de cualquier tipo. Los **certificados o diplomas subgraduados** generalmente toman menos de 2 años en completarse y usualmente están diseñados para equipar a las personas con las destrezas necesarias para ingresar directamente a empleos o para obtener una licencia, como por ejemplo de cosmetología. Otros ejemplos incluyen certificados en asistencia administrativa, programación en computación y técnico de registros médicos. Un **grado asociado** generalmente requiere al menos 2 años, pero menos de 4 años de estudios universitarios equivalentes a tiempo completo. Un **título de bachillerato** usualmente lo otorga una universidad o *college* de 4 años y generalmente requiere por lo menos 4 años de estudios a tiempo completo a nivel universitario.

**Clases a nivel graduado** son para los estudiantes que ya tienen un título o certificado subgraduado y que están matriculados en cursos a nivel graduado más allá de un bachillerato, pero que no están formalmente matriculados en un programa graduado. Un **certificado de post-bachillerato** provee un entrenamiento nuevo y adicional en un área de especialización a los estudiantes que ya tienen un bachillerato. Los certificados requieren normalmente menos horas de cursos que los títulos de maestría o doctorado y no requieren una tesis o disertación. Ejemplos de esto incluyen los certificados en contabilidad, ciencias de computadoras y administración de recursos humanos. Un **título de maestría** requiere usualmente por lo menos 2 años de estudios graduados a tiempo completo y puede requerir una tesis o una práctica. Un **certificado de post-maestría** usualmente requiere completar 24 horas de crédito semestral después de la maestría, pero no reúne los requisitos de los títulos académicos a un nivel de doctorado. Un **doctorado en investigación** es un PhD o otro título de doctorado que requiere trabajo avanzado después del nivel de maestría, incluyendo la preparación y defensa de una tesis doctoral basada en un trabajo de investigación original o el planeamiento y ejecución de un proyecto original que demuestra un logro artístico o académico considerable. Algunos ejemplos de este tipo de título pueden incluir EdD, DMA, DBA, DSc, DA o DM, y otros, como sea que los designe la institución que los otorga. Un **doctorado en práctica profesional** es un doctorado que se da al completarse un programa que proporciona el conocimiento y las destrezas para el reconocimiento, la credencial o la licencia requerida para la práctica profesional. El título se otorga después de un periodo de estudio de tal manera que el tiempo total para conseguir el título, incluyendo tanto la preparación pre-profesional así como la profesional, es igual a un equivalente de por lo menos 6 años académicos a tiempo completo. Algunos de estos títulos incluyen: quiropráctica (DC o DCM), odontología (DDS o DMD), leyes (LLB o JD), medicina (MD), optometría (OD), medicina osteopática (DO), farmacia (PharmD), podiatría (DPM, PodD, DP) o medicina veterinaria (DVM), y otros, como sea que los designe la institución que los otorga. Un **doctorado - otro** es un título de doctor que no reúne los criterios de la definición de doctorado en investigación ni doctorado en práctica profesional.

Indica si alguna vez has sacado algún tipo de préstamo privado para tu educación. Incluye dinero tomado en préstamo para **todas las instituciones** a las que asististe. No incluyas los préstamos PLUS para Padres, fondos o becas, o dinero prestado por familiares o amigos. Los prestamistas privados ofrecen **préstamos privados**. A continuación se detallan algunas características comunes de los préstamos privados.

- Con los préstamos privados no hay que llenar solicitudes federales.
- Algunos estudiantes y padres usan préstamos privados como un suplemento cuando sus préstamos federales no proveen suficiente dinero.
- Los préstamos privados pueden tener tasas de interés más altas que los préstamos federales.
- A diferencia de los préstamos federales estudiantiles, los préstamos privados se basan en el crédito y por lo tanto, a menudo requieren un co-deudor si el estudiante no tiene un historial de crédito establecido.

**Algunos ejemplos de préstamos privados** comúnmente usados incluyen:

- *Sallie Mae Smart Option Loan* (Préstamo de Opción Inteligente Sallie Mae)
- *Wells Fargo Collegiate Loan*
- *Discover Student Loan*
- *PNC Solution Loan*
- *College Avenue Loan*

Otros tipos de préstamos privados para estudiantes pueden incluir, entre otros, préstamos de cooperativas de crédito, préstamos de otros bancos o instituciones financieras, o programas de préstamos estatales. Los estados con programas privados de préstamos estudiantiles incluyen Alaska, Georgia, Hawái, Massachusetts, Minnesota, New Jersey, Texas, Washington y Wisconsin. Los préstamos con garantía hipotecaria **no** se consideran préstamos privados.

- 0 = No

**Help Text:**

Si actualmente estás pagando por algún préstamo estudiantil, incluso si todavía se encuentra en el periodo de diferimiento, por favor responde **Sí**.

Los pagos de préstamos diferidos o postergados, se dejan para una fecha más adelante. El diferimiento de préstamos privados se hace préstamo por préstamo y frecuentemente varía según el prestamistas.

Para poder diferir los pagos de préstamos privados, generalmente es necesario que la persona que obtuvo el préstamo solicite el diferimiento por internet (en el sitio web del prestadomista), por teléfono, mediante fax o a través de correo postal.

Es posible que la solicitud también necesite de documentación de apoyo, tal como una copia de tu talón de pago de nómina, un estado de cuenta de ut compensación de desempleo, una carta de otorgamiento de discapacidad o una carta certificada de tu escuela para confirmar tu matriculación.

Si actualmente no estás pagando tus préstamos privados y tienes un acuerdo con el prestamista correspondiente para postergar o diferir el pago, responde **No, porque tengo un acuerdo con mi prestamista para postergar o diferir los pagos.**

Si empezaste un empleo antes del primero de julio de 2022 y seguiste trabajando ahí después del primero de julio de 2022, por favor responde **Sí**.

Por favor considera cualquier empleo con pago, incluyendo empleo de tiempo completo o tiempo parcial, trabajo por cuenta propia, estudio-y-trabajo y pasantías pagadas. No reportes ningún empleador al que solamente hayas solicitado trabajo ni ningún empleador de quien no hayas aceptado una posición con pago.

**Los empleos federales de estudio-y-trabajo** se ofrecen a estudiantes con necesidades económicas, permitiéndoles trabajar a tiempo parcial para ganar dinero que les ayuda a pagar sus gastos de educación. Los estudiantes deben presentar una solicitud FAFSA (Solicitud gratuita de ayuda federal para estudiantes) para ser considerados por el Programa de Trabajo-Estudio Federal (FWS, por sus siglas en inglés). Los empleos de estudio-y-trabajo frecuentemente se localizan en el recinto de la institución del estudiante y pueden o no estar relacionados con el programa de estudios del estudiante.

Una **pasantía** es cualquier programa formal o informal que provee experiencia en el trabajo a principiantes en una ocupación o profesión. En general, **trabajas por cuenta propia** si eres el único propietario de un comercio o negocio, un miembro de una sociedad en un comercio o negocio, o de alguna otra manera trabajas por tu cuenta. Se te considera como un contratista independiente si tu trabajo no es controlado por un empleador.

- Una identidad diferente

Por favor describe:

**Help Text:**

Esta pregunta nos ayudará a entender mejor las experiencias de personas con todo tipo de identidad de género.

Género incluye identidad de género y expresión de género. Identidad de género quiere decir el sentido interno que uno tiene de su propio género, el cual puede o no corresponder al sexo que le asignaron al nacer. Distintas personas deciden expresar su identidad de género de maneras diferentes. Para algunos, el género se puede expresar, por ejemplo, a través de la vestimenta, de cómo se arreglan, de sus gestos, de sus patrones de habla y de sus interacciones sociales. La expresión de género usualmente se manifiesta entre masculino y femenino, y algunas personas transgénero expresan su género de manera que concuerda con cómo se identifican internamente, más que de acuerdo al sexo que les asignaron al nacer.

**Transgénero:** Cuando el sexo al nacer y el género no concuerdan, la persona puede considerarse transgénero.

**No binario:** Este término se usa para identificar personas cuyos géneros quizás no se ajustan al sexo que se les asignó al nacer. A menudo, este término puede ser usado por personas que identifican su género como algo que no es ni masculino ni femenino. El género de estas personas puede caer entre masculino y femenino, o puede caer fuera de la definición tradicional de género.
