

dispute to the Commission, and a third person selected by the other two panelists from a pre-established list of persons with expertise in the disputed resource area.² The third panel member (TPM) will serve without compensation, except for certain allowable travel expenses to be borne by the Commission (41 CFR part 301).

The role of the panel members is to make a finding, with respect to each disputed study request, on the extent to which each study criteria set forth in the regulations is or is not met,³ and why. The panel will then make a recommendation to the Director of the Office of Energy Projects based on the panel's findings.

TPMs can only be selected from a list of qualified persons (TPM list) that is developed and maintained by the Commission. This notice seeks additional members for the TPM list, which was originally compiled in 2004, 2010, and 2015. Current members of the TPM list do not need to reapply but are encouraged to update their qualifications and contact information, if not current. Each qualified panel member will be listed by area(s) and sub-area(s) of technical expertise, for example Aquatic Resources—instream flows. The TPM list and qualifications will be available to the public on the Commission's website. All individuals submitting their applications to the Commission for consideration must meet the Commission's qualifications.

SUPPLEMENTARY INFORMATION:

Title: FERC–516G, Electric Rates Schedules and Tariff Filings.

OMB Control No.: 1902–0295.

Type of Request: Three-year renewal of FERC–516G.

Abstract: In accordance with section 206 of the Federal Power Act (FPA) ¹ and 18 CFR 35.28(g)(10), each Independent System Operator (ISO) and Regional Transmission Organization (RTO) must report:

(1) On a monthly basis, total uplift payments for each transmission zone, broken out by day and uplift category;

(2) On a monthly basis, total uplift payments for each resource; and

(3) On a monthly basis, each operator-initiated commitment, the size of the commitment, transmission zone, commitment reason, and commitment start time.

The Commission has determined that these information collection activities provide for transparency that is necessary for just and reasonable rates.

Type of Respondents: ISOs and RTOs.

*Estimate of Annual Burden:*² The estimated burden and cost³ are as follows:

FERC–516G ANNUAL BURDEN ESTIMATES IN DOCKET NO. IC24–27–000

A. Type of response	B. Number of respondents	C. Annual number of responses per respondent	D. Total number of responses (column B × column C)	E. Average burden hours & cost per response	F. Total annual burden hours & cost (column D × column E)	G. Cost per respondent (column F ÷ column B)
Preparing and posting of 3 reports on company website each month.	6	12	72	3 hrs.; \$300	216 hrs.; \$21,600	\$3,600

Comments: Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency’s estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.
